

October 5, 2009

Dear Representative,

First Colony Middle School Staff and PTO cordially invite you to join us on Friday, January 22, for our Career Day 2010. Career Day provides 8<sup>th</sup> grade students with an opportunity to be exposed to information on different career choices. Students will listen to speakers from various professions and will attend a **Career Education Fair** on this day.

We have many reasons to invite you to participate in our **Career Education Fair**. First, we value the importance of the different career choices available within your organization/company. Second, we acknowledge the role of your organization/company and its contributions to our community. Third, some of your members/employees, who have children in our school, have expressed how beneficial your participation would be for the students. Finally, we are convinced that our students will have an enjoyable learning experience through your participation. The **Career Education Fair** will provide an enriching experience to our students through engaging, hands on displays and exhibition booths. This fair will be an excellent opportunity to showcase your organization/company, while providing our students with a chance to open their minds to various career alternatives.

We look forward to hearing from you. The PTO Career Education Fair Committee will be happy to answer any questions regarding this Fair.

Sincerely,

Jerrie Kammerman  
Principal, First Colony Middle School
