Dear Parents:

During the months of November and December, your student will take the District Assessment Benchmarks in Math, Algebra I, Writing/ELA, Social Studies, and Science. These tests will be conducted during the regular class time.

It is very important that your child put forth his/her very best effort. We will be using the results of this test to help determine instructional support for your child. Your child's success is our number one goal! Working together, we can ensure success.

If you have any questions regarding the District Assessments, please call or email the department head of the tested subject.
