

Dear Parents,

We are pleased to report that all Fort Bend ISD elementary schools will conduct their annual Science Fair in 2010. Outstanding projects will be showcased and honored at the district Elementary Science Exposition on **February 9<sup>th</sup>, 2010**. It will be held at Fort Settlement Elementary. **All fourth and fifth grade students will be required to participate in the Science Fair.** Teachers will provide time and resources if necessary to support the students' efforts. Students may work with a partner within his/her grade level or work individually.

It is important that students meet and follow all criteria and guidelines. Science projects should show the student's interest and workmanship. Parents are encouraged to support, but not participate in their student's project. **The due date for projects to be turned in to their teacher will be forthcoming.**

Forms will be sent out at a later date in your child's Tuesday folder.

If you have any questions concerning the Science Fair please contact your child's teacher at 281-634-5830.

Sincerely,

The Dulles Elementary Faculty
