

Group 1 Automotive is expanding their Friends and Family program to include Fort Bend Education Foundation. What this means for FBEF families is that everyone who purchases a car through Group 1/Sterling McCall will get special VIP Service & VIP Pricing, similar to the Group 1 employee price. **To ensure preferred pricing you must contact the Group 1 VIP Services department prior to visiting the dealership.**

In addition, for every car purchased under the FBEF partnership name, Group 1 Automotive will donate \$100 back to our organization! Imagine the impact this can have on our fundraising efforts if every person in FBEF participated at some point over the next few years. If you are considering purchasing a car – why not, buy from a company that is giving back to the community in which they serve.

Group 1 has 23 automotive dealerships in the Houston area and can help your family with all of your automotive needs. Group 1's VIP Service & Pricing program applies to over 6,000 new vehicles across 17 manufacturers: Acura, BMW, Buick, Cadillac, Chevrolet, Fiat, Ford, GMC, Jeep/Dodge, Honda, Hyundai, Lexus, Mazda, Mercedes Benz, MINI, Nissan, Scion, Toyota and VW. As well, as a large selection of over 2,500 pre-owned and certified vehicles.

This is a great partnership that we are very excited about! Please see the link below for instructions on how to access this VIP deal!
