Student Safety

Student safety is of utmost importance and it is important that the message from the school and parents be consistent. We have noticed that some students go to the corner store at FM 1464 and Bissonnet in the morning before entering the school building and sometimes after school and before games.

Please be advised this is not best practice for your child's safety. There is no adult supervision and is at a very busy intersection. Discuss your expectations with your child.

As a school we recommend that your child understands once they arrive to HBMS via walking, car rider or bus that they are remain on campus and enter when the building opens at 8:15 a.m. and are to go directly home after dismissal.

It would be an unfortunate situation for you to find out your child was injured on their way to, from or at a store without your permission or supervision.
