AVID TIPS:

Does your student need their planner replaced? Did you know that the planner is an excellent way for you to know exactly what's going on in your child's classes. Additionally, planners are your student's ticket to move around the building. No planner, no leaving class. Replacement planners can be purchased for \$5 at the front office.

Spring Break is a GREAT time to clean out and organize your student's binders, replace supplies, and prepare for a strong finish to this school year.

*If you haven't done this already,
What are you waiting for?!*

~Quote of the Week~

Every day, especially as parents, we speak thousands of words. Do your words build up your child, or tear him or her down? When he or she hears you talking about them, do they hear positivity or negativity?

Let your words speak life! Be an encourager not a criticizer. Speak words of encouragement into their lives. Reassure them that you love them and that you believe in them! #ParentPower
