Dear Cigna customer,

Know before you go! When you need care right away, you have **choices**.

In a health emergency, always dial 911 or go to the nearest emergency room. But when your health problem is not an emergency, you can get the care you need and save time and money. Simply see your doctor or go to an urgent care or convenience care clinic. These facilities all have:

- Convenient hours
- Shorter wait times
- Lower costs
- Walk-in office visits

Facts to consider when deciding where to get care:

- **Your doctors** know you best. They may have evening or weekend office hours. Make an appointment or ask them about your care choices.
- **Urgent care clinics** are most like emergency rooms. Their doctors, assistants and nurses treat sprained ankles, cuts, fevers and other conditions that need care right away. They also provide basic lab and radiology services.
- **Convenience care clinics** are located in pharmacies or grocery stores. Their nurses or assistants treat simple conditions like earaches, sore throats and the flu.

Need help understanding your choices or deciding where to go for care? Please see the attached list of **urgent care** and **convenience care clinics** in your area. You can also check **myCigna.com** online and on your smartphone.

If you'd like to speak with a nurse, call the **Cigna HealthCare 24-Hour Health Information Line** at **800.Cigna.24 (800.244.6224)**. A nurse is there to help you at any time, day or night.

We value you as a customer. We want to help you get the care you need at a low cost.

Note: To make sure you get access to the care you need, call Cigna or the clinic to confirm operation hours and that the clinic is still in the network.
