The P.E.A.R.L.S. program is a mentoring organization open to Junior and senior young women. Our selected members will understand and build resilience, exude self-esteem and confidence, as well as illustrate exceptional character in all their endeavors. Through membership meetings, community service, and the creation of a step team, the organization will identify the issues that high school girls face and work hard to combat them. The organization's mission is to challenge girls to develop compassion, confidence, elegance, and leadership roles within their school and community.

Program Goals:

- Fostering relationships between school, community, and members
 - Stimulating academic achievement and life-long learning
 - Focusing on college planning and goal setting
 - Providing opportunities for community service
 - Building confidence and character
 - Enhancing Professional Communication skills

Core Priorities:

Character. Education. Leadership. Service
