Parent Online Learning Support

First Colony Middle School is offering live support sessions from Aug. 12-28 to equip you to support your student's online learning experience.

The live/synchronous sessions cover the following topics/areas of focus:

Instructional Expectations Training

- Asynchronous learning (assigned work available through Schoology)
- Synchronous learning (live online sessions with the teacher)
- Formative assessments
- Grading

Structuring for Success Training

- Creating a space for your student
- Scheduling your student's day
- Technology needed
- Support resources

Technology Tools Training

- FBISD 1Link (single sign-on to technology applications)
- Schoology (Basic and Intermediate training on our Learning Management System to help you navigate accessing and viewing lessons, and posting assignments, etc.)
- Microsoft Teams (video conferencing tool for live/synchronous sessions with teachers)
- Skyward (student information system for tracking attendance, discipline, grades, etc.)

A self-paced/asynchronous parent online learning support module is in development in multiple languages and will be available in late August. It will be posted when available.

Attached is the schedule of live/synchronous sessions:
