

WELCOME TO Advanced Animal Science

Hi! I am Mrs. Dohnalik and I am excited to be teaching you the most fun Ag class! This is my 14th year teaching agriculture and 12th year at THS. I love Travis and the ag program we have built here! I graduated from Texas A&M University, and my husband Mike and I have 2 boys..

Let's make this a great school year!

THINGS TO KNOW:

Guess What!?

This course counts as a science credit!

-PLEASE BRING A

COMPOSITION NOTEBOOK and
box of tissues! BY August 15th

GET EXCITED ABOUT OUR EGG ENTERPRISE!

FFA:

Since this is an Ag class you will have the opportunity to join the Travis FFA Chapter!

We are going to dive much deeper into what FFA can offer you and will have some information posted in our schoology course as well.

TOPICS WE WILL LEARN:

- Industry Impact Worldwide
- Livestock Market- Processing to Products
- Livestock Body Systems- from circulatory, muscular to integumentary and skeletal!
- Reproduction, & Artificial Insemination
- Genetics and Animal Cell
- Biotechnology and Scientific Method
- Ruminant and Monogastric Digestion
- Livestock Animal Nutrition
- Health and Wellness

FIELD TRIP:

Another reason to love ag class?? We will take you on a field trip this year!

Who doesn't like breaking out of the classroom and seeing agriculture hands on!
