

1st Grade Science At-A-Glance

Grading Period	Units
Grading Period 1	Unit 1 – Matter Concept 1 – Safety Concept 2 – Scientific Practices Concept 3 – Scientific Explanations Concept 4 – Physical Properties of Objects Concept 5 – Heating and Cooling Unit 2 – Force, Motion, and Energy Concept 1 – Forms of Energy Concept 2 – Magnets (Introduction)
Grading Period 2	Unit 2 – Force, Motion, and Energy (Continued) Concept 2 – Magnets (Continued) Concept 3 – Patterns of Movement Unit 3 – Earth's Surface Concept 1 – Soil Concept 2 – Natural Sources of Water Concept 3 – Useful Products
Grading Period 3	Unit 4 – Patterns in the Natural World Concept 1 – Weather Concept 2 – Seasons Concept 3 – Objects in the Sky Unit 5 – Ecosystems Concept 1 – Living and Non-living Concept 2 – Interdependence
Grading Period 4	Unit 5 – Ecosystems (Continued) Concept 3 – Food Chains Unit 6 – Organisms Concept 1 – External Characteristics of Animals Concept 2 – Parts of Plants Concept 3 – Animals Resemble Parents Concept 4 – Life Cycles Unit 7 – STEM Concept 1 – STEM
