April 13 – 17, , 2026

Week of April 6 - 10, 2026

This week, we continued learning about living and non-living things and what they need to survive. Our focus was on plants and their needs. We read *Jack and the Beanstalk* and explored multiple versions of the story, comparing characters, settings, and events.

Students had a great time planting beans, and we are excited to watch them grow over the coming days! Our craft activity also reinforced story elements such as characters, setting, and events.

In math, we practiced joining and separating numbers to build a stronger understanding of early addition and subtraction skills.

If you haven't ordered your child's field trip shirt, please do. The orders will close Sunday evening.

What We Are Learning this Week

We will continue learning about plants, including the parts of a plant, the plant life cycle, and what plants need to grow. The students are really enjoying this unit! I have also brought in some milkweed and caterpillars. We will begin learning a little about them next week and then focus more on the butterfly life cycle the following week.

We have started talking about our upcoming field trip to Blessington Farms, and the students are very excited! If you are able to join us, we would love for you to meet us there. If you have not returned your completed permission slip, please do so as soon as possible. Also, if you have not ordered your child's shirt, please use the link on the left-hand side. Shirt orders will close Sunday night.

If you have any questions, please feel free to contact me.

Have a wonderful weekend!

 Upcoming Events:

- |           |  |
|-----------|--|

| May 25:   | School Holiday   |
| May 28:   | End of School Program 9:30 in classroom<br>Early Release 12:10 |

**Daily Reminders:**

**Water Bottle & Snack:** Please send a non-spillable water bottle and a dry, non-messy snack with your child each day.

**Label Personal Items:** Be sure to label jackets, water bottles, lunch boxes, and other belongings. Many students have identical items, and labeling helps us return lost items quickly.
