Next week in Third Grade

Week of October 6th thru October 10th

Reading: Students will understand that the structure of drama is directly influenced by its purpose and pay careful attention to the parts of a script when reading drama.

Writing: Students will continue using the writing process to begin writing their personal narrative after brainstorming memories that are important to them.

Math: Students will represent and solve multiplication word problems.

Social Studies: Students will learn about state and national governments to understand how they are similar and different.

Science: Students will learn to Analyze data to describe the cause-and-effect relationship that forces have when they interact with objects.
