

# Classroom News

Week of April 6 thru April 10

## This week in Third Grade

Reading: In Reading, students will be reviewing what they have learned this school year such as, thinking about their reading with comprehension questions and writing about reading with ECRs and SCRs using multiple genres.

Writing: In Writing, students will be practicing revising and editing that we have learned all year long. They will be able to apply it to their own writing to deepen their understanding of the writing process.

Math: In Math, students will be reviewing what they have earned this school year such as, math vocabulary, problem solving strategies, fact fluency, numeration, and geometry.

Social Studies: In Social Studies , students will learn about earning, spending, saving, and donating money to understand how to manage money.

Science: In Science, students will be able to describe how natural changes to the environment such as floods and droughts cause some organisms to thrive and others to perish or move to new locations.
