Kindergarten Grade Connection

Week of May 5th, 2025

Upcoming Events

May 5th – 9th

*Teacher Appreciation Week!

*MAP Fluency Assessment

Save the Date: Kindergarten Graduation May 29th @ 10:00 A.M in the Classroom

What we are learning:

- **Reading**: The readers listen to text sets and pay attention to big ideas and common themes across multiple genres. They will retell, discuss their understanding of a text, and share their ideas about how texts they read impact their actions and thoughts.
- Phonics: VCe (e_e)
- Sight word: all, want
- **Writing**: The writers will write and revise in many genres.
- **Math**: The students are learning about measuring different attributes of objects so that they can compare their measurements in length, height, capacity, and weight.
- **Social Studies**: The students will learn about jobs at school and in the community in order to understand why jobs are important.
- **Science**: The students will learn how to use data to identify and record the patterns of changes a plant goes through during its life cycle.

Reminders:

Please send a nutritious snack that is easy to eat to school with your child. All snacks must be peanut-free. Nothing that can create a mess or sticky hands. Please have your child bring a water bottle daily as well.

LEARNING is sweet at PGE
