

WEEKLY NEWS

March 10 - 21, 2025

Week of March 3 Recap

We practice our rhyming and alliteration skills while reading Dr. Seuss books. This week was Read Across America Week. We balanced apples on our heads and apples on apples. We sorted and graphed Goldfish. We also made and green eggs and ham (with parent's permission). Our week ended with field day.

What We are Learning

We will be ending our "Back Home in Texas" unit and begin our "It's Alive, Watch Us Grow" unit. We be focusing on farms and how our food and other goods get to the stores. This next unit is fun. It will will allow us to spend some time outside. We will be planting different types of vegetables, fruits and flowers. We will learn about living and non-living things and what living things have to have to survive. We will also watch and experience the life cycle of a butterfly(ies).

Please continue to read with your child daily.

Communication

Our field trip is Friday, May 9. You may join nus but you will have to provided your own transportation. Please compete the background check as soon as possible.

Our end of the school celebration is Thursday, May 9 at 10:00 am. The celebration will be held in our classroom.
