

THE SECOND GRADE SCOOP

WEEK OF: OCTOBER 27-31

What We're Learning This Week

Reading: Readers examine different ways that characters respond to conflict and what they can learn from characters from their response conflict.

Writing: Writers can write personal narratives about a small moment in their life.

Social Studies: Students will learn how to interpret information on maps.

Math: Students will solve and generate multi-step addition and subtraction word problems using a variety of strategies.

Science: Students will learn how to use evidence of how sound energy is made in order to demonstrate and explain the cause-and-effect relationship between sound energy and vibrating matter.

Upcoming Grades

Reading: DG- Types of Conflict 10/29

Writing: DG- VCe Encoding Quiz 10/30

Social Studies: DG- Community Map 10/28

Math: DG - Multi-Step Quiz 10/28
