

THE SECOND GRADE SCOOP

WEEK OF: SEPTEMBER 8-12

What We're Learning This Week

Reading: Readers can retell the important elements of a traditional tale.

Writing: Writers can use different characteristics of a personal narrative in their writing.

Social Studies: Students will learn about important symbols in order to understand how they reflect American values.

Math: Students will compare and order numbers up to 999 using objects, comparative language, symbols, and number lines.

Science: Students will identify and describe how physical properties can be changed through processes such as cutting, folding, sanding, melting, or freezing
