*2 - Unit 5- Inquiry (Research)*

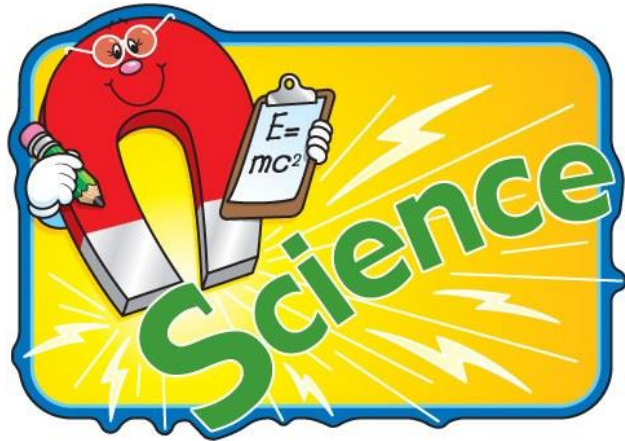

*Concept 3: Researchers plan their research project*

*Researchers analyze their research and ask questions about the research they have gathered.*

**Reading**

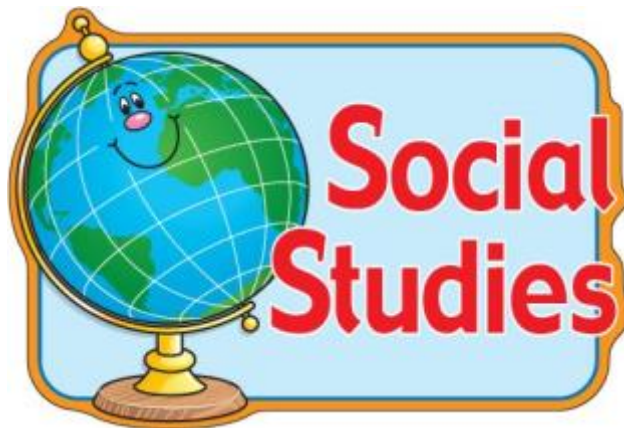

**Unit 5- Inquiry (Research)**

Concept 4: Researchers present their research project

Ecosystem

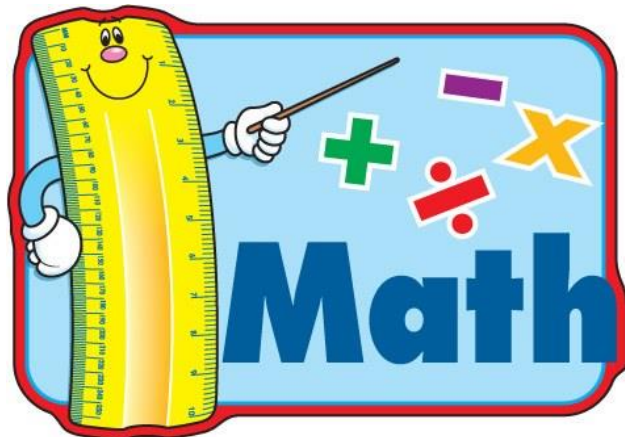

**3.9A Observe and describe the physical characteristics of environments and how they support populations and communities of plants and animals within an ecosystem**

Social Studies

Unit 6: Good Citizenship

Concept : Characteristics of good Citizens

## Math

### Unit 9-Concept 4: Compare and Order Fractions

Good mathematicians know that mathematics provides a variety of ways to express relationships between numbers, including fractions and decimals through concrete objects, pictorial models and real world situations. For the next few weeks, we will be learning all about fractions. By the end of this week, our students will be able to decompose fractions and relate fractions to decimals.

\*\* The end of the unit assessment is on March 19th. Students may go to [educationgalaxy.com](http://educationgalaxy.com) to study for this test. \*\*\*

### Weekly Homework

Students are to read for a minimum of 30 minutes at home DAILY and also practice their multiplication facts.

If possible, ensure your child logs in and works on Education Galaxy for at least 20 minutes at home

Please make sure students are completing their homework when assigned. Contact your child's teacher, if you have any questions.

### Educational Online Resources

**\*Contact your child's teacher for login information\***
