

Dear Parents and Guardians,

This letter is to inform you that the school district does not have a blanket coverage insurance policy for the 2017-18 school year to cover athletic injuries. Attached you will find a copy of the voluntary policy that you can purchase from Texas Kids First to assist with coverage of any accidental injuries. This policy may assist you in helping to reduce the high deductibles and co-insurance premiums that many insurance plans have in their coverage.

The attachment describes the cost and coverage for the different plans that are available for purchase. On the second page is the schedule of benefits for the policies, along with the list of Policy Exclusions and Limitations for the policies. The policy can be purchased either on-line at www.texaskidsfirst.com or you can call their toll-free number at 800-366-8354. You may also contact them at the toll-free number if you have any questions before purchasing any of the plans.

Have a great athletic year,

FORT BEND ISD Athletic Department
