

FBISD MIDDLE SCHOOL ACCELERATED INSTRUCTION PROGRAM (SSI)

2017 SUMMER SCHOOL

8TH GRADE Accelerated Instruction

The Student Accelerated Instruction Program is designed to provide students the opportunity to be academically successful on the third administration of the Reading and Math STAAR assessment. This program will be offered to current eighth graders. Middle school counselors will submit qualified students to summer school administrators for registration.

TRANSPORTATION:

There is no tuition for this program and transportation will be provided from elementary cluster school locations. Fort Bend ISD does not provide supervision at any of the summer school cluster pick-up/ drop-off bus stops, and all grade levels (elementary, middle, and high school) are picked up and dropped off at the same bus stops.

Students needing to take courses through the Remedial Credit Program, should still attend the Accelerated Instruction Program from June 6 – June 8, if two courses are needed for Remedial Credit (both programs are at Missouri City Middle School). Students only needing one Remedial Credit course, should register to take the course during Session II and still attend the Accelerated Instruction Program from June 6 – June 21.
