

## Fort Bend Education Foundation Electronic Newsletter – April 2023

### Be a Bright Light in a Homeless Student's Life!

Fort Bend ISD supports a diverse student population that is not only based on ethnicity, but on circumstance. Many district students are identified as homeless because they are lacking a fixed, night-time resident to access on a daily basis. The students and their families often live in shelters, other temporary places and even their cars.

Sadly, nearly every Fort Bend ISD campus has a homeless student population. The district, in fact, currently serves 970 homeless youth – and that number is rising!

With your generous donations, we can provide our homeless youth with the tools and resources they need - including clothing and rain gear, school supplies, backpacks, computers and other technology devices. Donations will also support our homeless families with everyday living necessities and provide hygiene kits, duffle bags and luggage, wi-fi hubs, phone chargers, headphones, and gift cards for food and gas.

Be the bright light students need to succeed! Donate today at <https://bit.ly/BeABrightLight>.

### Many thanks to our FBEF Supporters!

The Fort Bend Education Foundation extends a warm and sincere THANK YOU to our many supporters, who contributed greatly to the success of our recent fundraising events!

Our *An Enchanted Forest* gala, presented by Perdue Brandon Attorneys at Law, raised \$509,000 to

support students' education. This is the second highest total in the gala's 30-year history! Also, the Foundation's 20<sup>th</sup> annual Education Expedition bike ride, presented by Zuhnë, grossed nearly \$46,000 and welcomed more than 500 riders! This could not have been possible without you!

Because of your generous support, the Fort Bend Education Foundation continues to touch every school in Fort Bend ISD, as we provide opportunities to enrich and enhance the quality of education for all FBISD students through our grant programs. Again, we say, THANK YOU!

# Auxiliary Spring Recruitment Luncheon, April 20

## GRANTS IN ACTION

Featuring Dulles High School, Mission Glen Elementary and Burton Elementary Schools

**Green and Growing**  
Students at Dulles High School are reaping the benefits of new weight room equipment, thanks to funding received for the school site grant, "Green and Growing." Dulles coaches received \$4,690 for new double racks with weight storage, benches and barbells to replace worn and unsafe items. Students in Health/P.E. classes, athletic periods and all sports programs can access the equipment to improve their muscular strength and fitness.

**Watch it come alive. Oh my!**  
Mission Glen Elementary students are using their creative and artistic skills to design objects to support learning in various content areas. Teacher Tanea Booker received \$1,998 to fund her school site grant, "Watch It Come Alive. Oh My!" She purchased a 3-D printer and starter kit that students use to create models and visuals through technology.

**Ukuleles All Around**  
Thanks to a \$1,241 teacher grant, Burton Elementary teacher Adrienne Harborth received a classroom set of soprano ukuleles and strings, clip-on tuners and an Essential Elements for Ukulele method book to support student learning in music. By playing ukuleles, the young musicians are honing their fine motor skills by learning various strumming patterns and chords, learning to collaborate and compose their own songs.
