

APRIL 2026

ABOUT US

WAYS TO GIVE

Don't miss our April FBEF Events!

We're excited about our upcoming April events – the 2nd Annual Sink-A-Dink Pickleball Tournament and our Auxiliary's Spring Recruitment Luncheon!

Presented by Houston Methodist Sugar Land Hospital, our smash-hit **Sink-A-Dink Pickleball Tournament** will be held Friday, April 10, from 8:30 A.M. to 4:30 P.M. at Pickleball Point Southwest (at 12002 Southwest Fwy. Meadows Place, TX 77477). If you want to enjoy a few hours of fun and friendly competition, register by April 4 at <https://bit.ly/2026fbefpickleball>. Registration includes lunch. Three levels of play (Advanced, Intermediate and Beginner) are available in three events (Men's, Women's and Mixed Doubles). Prizes will also be awarded for Top 3 winning teams from each level of play, Best Dressed Duo/Team, Best Individual Outfit, and Fullest Cabin award! The fundraiser supports FBEF's Grants to Teachers and Schools Programs.

You're also invited to bring a friend, or two, and join us for our **Auxiliary Spring Recruitment Luncheon!** Sponsored by David Weekley Homes, this FREE EVENT is Tuesday, April 21 at 11:00 A.M. at Indigo Community (3234 Home Court, Richmond, TX 77406). It's a casual affair that will allow you to learn more about the Fort Bend Education Foundation, connect with people of similar interests and enjoy a good meal! RSVP at <https://www.addevent.com/event/sbxbrmxspjnx> by April 17 to attend.

You helped make our 2026 Gala a success!

GRANT IN ACTION

spotlighting Adaptive P.E.'s FLaSH Fitness Winter Olympics

To provide an elevated P.E. experience for the most vulnerable and least mobile students, the district's Adaptive P.E. team presented its FLaSH Fitness Winter Olympics. The two-day event included an opening ceremony parade, activity stations and a medal ceremony. With individual teacher grants and a \$19,975 FBEF Founder's Grant, the team purchased adaptive curling sets and hockey equipment, ceremony supplies and decorations, a snow machine and material to modify activities (ramps, level, and PVC pipes) to create activity stations. They also purchased 3D printers, laser cutters, circuit cutting machines, and other supplies to create Makerspaces. The 3D printers were used to make items for the sensory station (such as Olympic rings, snowboards, skis and ski boots). The overall event provided a unified learning experience for both FLaSH and General Education students by stimulating them in ways beyond typical patterns.
