

**Mission Statement:**

Fort Bend ISD Career and Technical Education (CTE) provides challenging career pathways for every student utilizing real-world practices and evolving skill sets, attitudes, and behaviors.

**Vision Statement:**

Fort Bend ISD Career and Technical Education (CTE) inspires attitudes of a collaborative team member and life-long learner.

**Vision Statement:**

Fort Bend ISD Career and Technical Education (CTE) cultivates skill sets through critical thinking and effective communication.

CTE will develop instructional pedagogy that fosters curiosity, creativity, and collaboration among students.

- CTE employs a system in order to acquire qualified talent that demonstrate the qualities outlined in Profile of a CTE Educator.
- CTE cultivates pedagogy to foster student centered learning.
- CTE establishes a culture of shared values that transcends every stakeholder.

CTE will provide opportunities for students to identify, demonstrate, and apply skills for career attainment.

- CTE serves as an agency for students to prepare for high demand, high wage careers.

**Vision Statement:**

Fort Bend ISD Career and Technical Education (CTE) equips students with behaviors of a servant leader and compassionate citizen.

CTE creates classroom culture that encourages real-world scenarios and environments connecting students with a practical experience.

- CTE provides coherent pathways that lead to a progression of applicable skills.
- CTE builds opportunities for students to interact with relevant industry experiences.
- CTE empowers teachers to cultivate students' interpersonal skills in order to create competent employees and citizens.

**Vision Statement:**

Fort Bend ISD Career and Technical Education (CTE) empowers students to achieve futures beyond what they can imagine.

CTE provides responsive programming which anticipates industry and community needs.

- CTE adheres to a system that supports a continuous cycle of improvement.
