### Synchronous Learning

Remote Synchronous instruction is two-way, real-time/live, virtual instruction between teachers and students when students are not on campus.

*Live teaching that requires your child be online interacting with their teachers and classmates.*

Synchronous Instruction will include:

- Explicit teaching & modeling of concepts
- Collaborative activities
- Formative assessment & progress monitoring
- Conferring with students and small group instruction

### Asynchronous Learning

Remote Asynchronous Instruction is instruction that does not require having the instructors and students engaged at the same time.

*A flexible learning time that can be adjusted based on your family's needs and schedule.*

Asynchronous Instruction will include:

- Student practice and creation of content
- Student collaboration & feedback with peers using digital tools
- Opportunities for students to demonstrate understanding
- Student self-assessment and goal setting
