

CIRCLE REPORT NOW IN SKYWARD FAMILY ACCESS

Student Report for Parents

CIRCLE Progress Monitoring (CPM) is an assessment that your child's teacher uses to gain a complete understanding of how your child is progressing in the learning areas that are important for later school success. It also helps the teacher identify areas in which your child might need more targeted support and practice. This information enables the teacher to plan lessons to meet your child's individual needs, as well as provide you with ideas on how you can support and challenge your child at home. On the page(s) that follows, you will see a summary of your child's assessment results.

Performance Categories

 <p>On Track Your child's score is On Track or within the expected range.</p>	 <p>Needs Support Your child scored below the expected range for this age group and additional support is recommended. See Family Resources for support at home.</p>	 <p>Monitor Your child is approaching the On Track score for children under four years old. Continue to monitor and support your child in this learning area.</p>	 <p>Out of Range Based on your child's age, performance categories do not apply for this learning area. Continue to monitor your child's development in this area.</p>
