

Zoom: How to Update Zoom to the Latest Version

Introduction

Zoom 5.0, the latest version of the Zoom videoconferencing software has been released. This update includes a host of new features as well as some important security upgrades and, as a result, has been deemed a mandatory update by Zoom.

Please update your Zoom application before May 30th to avoid any unnecessary interruptions.

Instructions are provided below, by device type:

Windows PC/Laptop

[Click Here for the Latest Version of Zoom for Windows](#), or

Go to <https://www.zoom.us/download> and select 'Download' under Zoom Client for Meetings

Zoom Client for Meetings

The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

Download

Version 5.0.1 (23502.0430)
