

FBISD FAMILY SERIES CHALLENGE

LIGHTS, CAMERA, CREATE!

The "Lights, Camera, Create" challenge promotes critical thinking and problem solving skills.

Gifted students will extend their learning and use their imagination to create a self selected product.

VIRTUAL SHOWCASE OPENS: 01/24

For more detailed information, please click [here](#).

CHALLENGE OVERVIEW

INSTRUCTIONS: STUDENTS WILL SELECT ONE OF THE FOLLOWING ACTIVITIES TO COMPLETE FOR THE WINTER CHALLENGE.

CHALLENGE OPTIONS

1. **"Living Legends"** - As a historian, you will identify a past figure (legend) and create a short documentary highlighting your legend's accomplishments. Using your creativity, make history come alive!
2. **"My Favorite Things"** - As an advertising executive, identify your favorite toy, video game, or snack. Using your creativity, design a tv commercial marketing your favorite item.
3. **"Let's Roll"** - As an engineer, design a custom soapbox cart using recycled materials. Design your very own soapbox cart that is able to carry your favorite action figure or stuffed animal.
4. **"Rainforest Frenzy Pt. II"** - Last challenge we created the four layers of the rainforest. As a scientist, you are to design and build an Observation Tower for scientist to study the rainforest using recycled materials. The tower must stand at least 3 ft. tall.
