

# 10 IMPORTANT TIPS FOR THE 2020-2021 SCHOOL YEAR

1

## FACE COVERING

Face coverings will be required of all students. Face coverings help reduce the chance of spreading viruses. Start having your child wear a face covering so they feel comfortable wearing one at school.

2

## SOCIAL DISTANCING

Social distancing of at least six feet will be in place at all times when possible, including in classrooms.

3

## HAND WASHING

Hand washing protocols will be in place at all campuses, including designated times for mandatory hand washing.

4

## CLEANING PROTOCOLS

FBISD will have rigorous cleaning protocols in place throughout the day with hospital-grade products.

5

## STAY HOME IF YOU'RE SICK

Your child must stay home if they have a fever 100.0 F or greater. They will be required to stay home for 3 days, and must maintain a normal temperature without Tylenol or Motrin.

6

## WELLNESS MONITORS & CHECKS

All staff and students will be screened prior to entrance at campuses and worksites, including no-contact temperature checks. At least one wellness monitor will be assigned to each campus to assist in these efforts.

7

## SOCIAL EMOTIONAL SUPPORT

Using simple language and concepts is the best approach for children ranging from toddler to tween. Learn more about available resources at the [FBISD Mental Health Webpage](#).

8

## DIAGNOSIS AND EXPOSURE PROTOCOLS

All campuses will have trained COVID response teams who will be responsible for assisting in all investigations and contact tracing.

9

## REFILL MEDICATIONS

Reach out to your child's pediatrician to get updated Emergency Action Plans and inhaler with a spacer is recommended over nebulizer treatment.

10

## IMMUNIZATION COMPLIANCE

School vaccination rules are in effect regardless of whether the education is received virtually or face-to-face.
