

# Professional School Counseling at its Finest!

**Guidance Curriculum**- help students develop essential life skills to increase their individual success and support their communities

**Responsive Services**- provide interventions for immediate personal, social and emotional concerns

**Individual Planning**- provide student guidance (individually and small group) to help them plan and manage their personal, educational and career goals

**System Support**- support campus staff, parents and community to promote well-round student development

We are KHS  
Go Coogs!
