

# From The School Nurse 2018-2019

## Requirements for New and Returning Students:

1. **Emergency Medical Information** – complete or update this online form in Skyward. Please provide complete and accurate information. If you check a box, indicating your child has a specific medical condition please answer all fields such as symptoms and treatment required. The nurse will use this to provide appropriate health care for your child.
2. **Medications:** ALL medications must be brought to the school clinic by the parent/guardian. Students are not permitted to carry any medication to school.

Parents/guardians must provide all needed medications and submit the necessary forms. **Over the counter** medications only require form to be completed and signed by a parent/guardian.

**Prescription** medications require completion and signature of a physician and signature of a parent/guardian.

Forms can be found on the FBISD website. Click the “parents” tab, then scroll down the menu on the left and click on “medical forms”.

For **asthma**, you will need the Asthma Action Plan and the Parent/Physician Permit to Administer Medication at School form.

For **severe allergies**, select either the Food Allergy Action Plan or the Nonfood Allergy Action Plan and the Parent/Physician Permit

to Administer Medication at School form. One medication form is required for each medication. So, if the physician orders an epi pen and Benadryl then you would need two medication forms.

For **seizures**, you will need the Seizure Action Plan and the Parent/Physician Permit to Administer Medication at School form.

For **diabetes**, you will need the Diabetes Action Plan and the Parent/Physician Permit to Administer Medication at School form.

3. **Immunizations:** No shots = No school. This is mandated by the State of Texas and you must provide proof of required immunizations. You may get this documentation from your child's doctor or previous school. Registration is not complete until clinic staff has reviewed the immunization record. Clinic staff will return to campus in August.
4. **Clinic Policies:** please read and comply with clinic policies on illness and medication administration located in your student's handbook.
