Dear Titan Parents, Guardians, and Students,

Please be aware that **Progress Report 1 (PR1)** grades are now viewable in **Skyward Family Access.** We are aware that there are some students without a grade in certain classes, and this is due to the Skyward issue that occurred last week. We are working to get this corrected. Contact your child's teacher if you have any questions about the progress your child is making in their class.

Please follow instructions below to view your child's progress report/report card.

Standards-Based Grading (SBG) Pilot Classes: If your child is in any of the Grading Pilot courses, such as Science 7 (on-level and AAC), Art (all levels), Beginning Choir, Beginning Orchestra, or Beginning Band, progress for these classes is reflected in Skyward Family Access as "GPP" (Grading Pilot Passing) or "GPF" (Grading Pilot Failing). All other classes (i.e. non-Grading Pilot classes) will be viewable with numerical grades as you are accustomed to receiving in Skyward. If you have specific questions about your child's Standards-Based Grading Pilot grade, please contact your child's teacher. You may also want to review this Job Aide to help you understand how to read the progress report/report card information for the SBG class(es) in which your child is enrolled.
