

Expert health care for your child.

Texas Children's Mobile Clinics are here to help.

If your child does not have health insurance (such as Medicaid, CHIP, Gold Card or private insurance), call the Texas Children's Mobile Clinic Program for a **FREE well-child exam, school physical, sports physical or sick visit**. Well-child exams and physicals are by appointment only. Sick visits are walk-in services and will be seen between patients with appointments. We will assist you in applying for health insurance and help you find a local medical clinic. In an effort to promote the medical home, patients with CHIP, Medicaid and private insurance are encouraged to seek services with their primary care physician.

We are *Texas Vaccines for Children* providers. Children are eligible to receive vaccines through our program if they have no insurance, have insurance that does not cover vaccines, have Medicaid, or are American Indian/Native American or Alaskan Native. Vaccines are walk-in services and will be seen between patients with appointments. Vaccine services are limited by supply, staffing and time. Families are encouraged to arrive early.

For our schedule or more information, please visit our website at texaschildrens.org/mobileclinics. Please note that events are subject to change due to vaccine availability and/or weather conditions.

To make an appointment or to schedule an event, please call **832-824-6780**.
