## National Honor Society Pledge

I pledge to uphold the high purposes of the National Honor Society to which I have been selected; I will be true to the principles for which it stands; and will maintain and encourage high standards of scholarship, service, leadership, and character.

## About National Honor Society

National Honor Society, established in 1921, is an organization created to recognize high achieving students that make an impact in their local communities. As a high school chapter, we dedicate out time towards developing a unique understanding of the four pillars: scholarship, community service, leadership, and character. Through various acts of community service- creating pillowcases for local drives, teaching senior citizens art, collecting food cans for local drives, hosting a carnival for special needs students - students are provided with experiences that build their character into successful leaders for the future. In doing so, students have the ability to honor a legacy of excellence and contribute to creating a community for everyone to call their home.

Clements students will continue to contribute to the legacy of the National Honor Society. Our NHS chapter is proud to be a part of this organization's ongoing mission.
