

How to open your combination locker.

Created by Chris Riggs and Pete Yackus

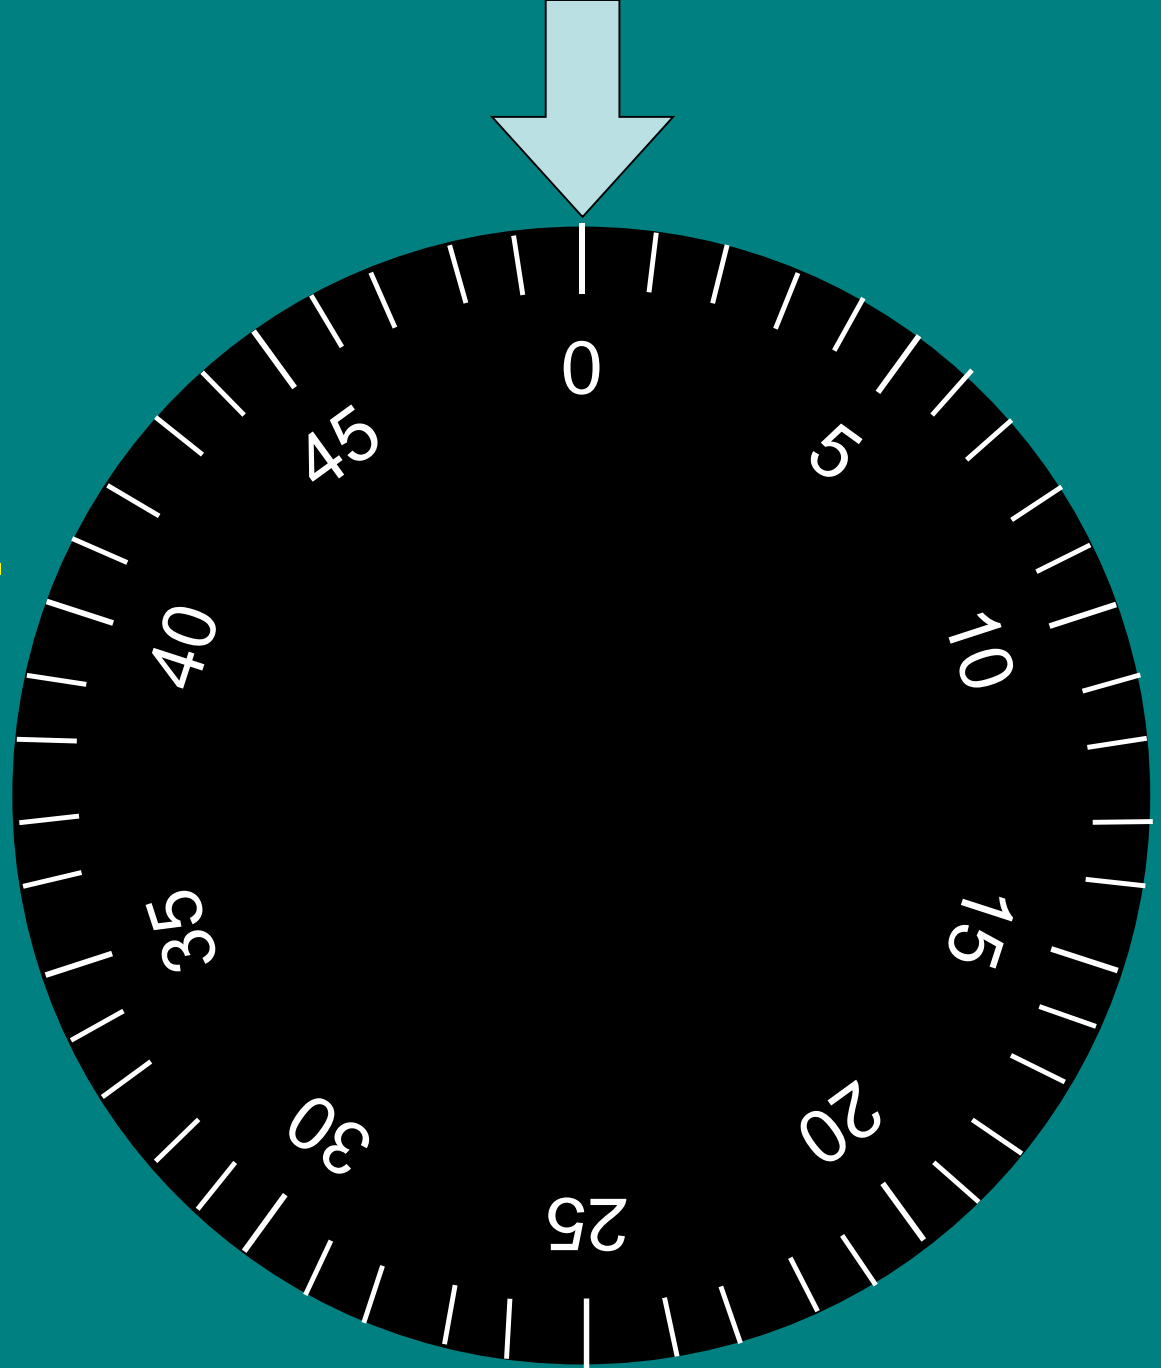

How to
open your
combination
locker.

Turn lock
***twice to
the right***
and stop on
“0”.

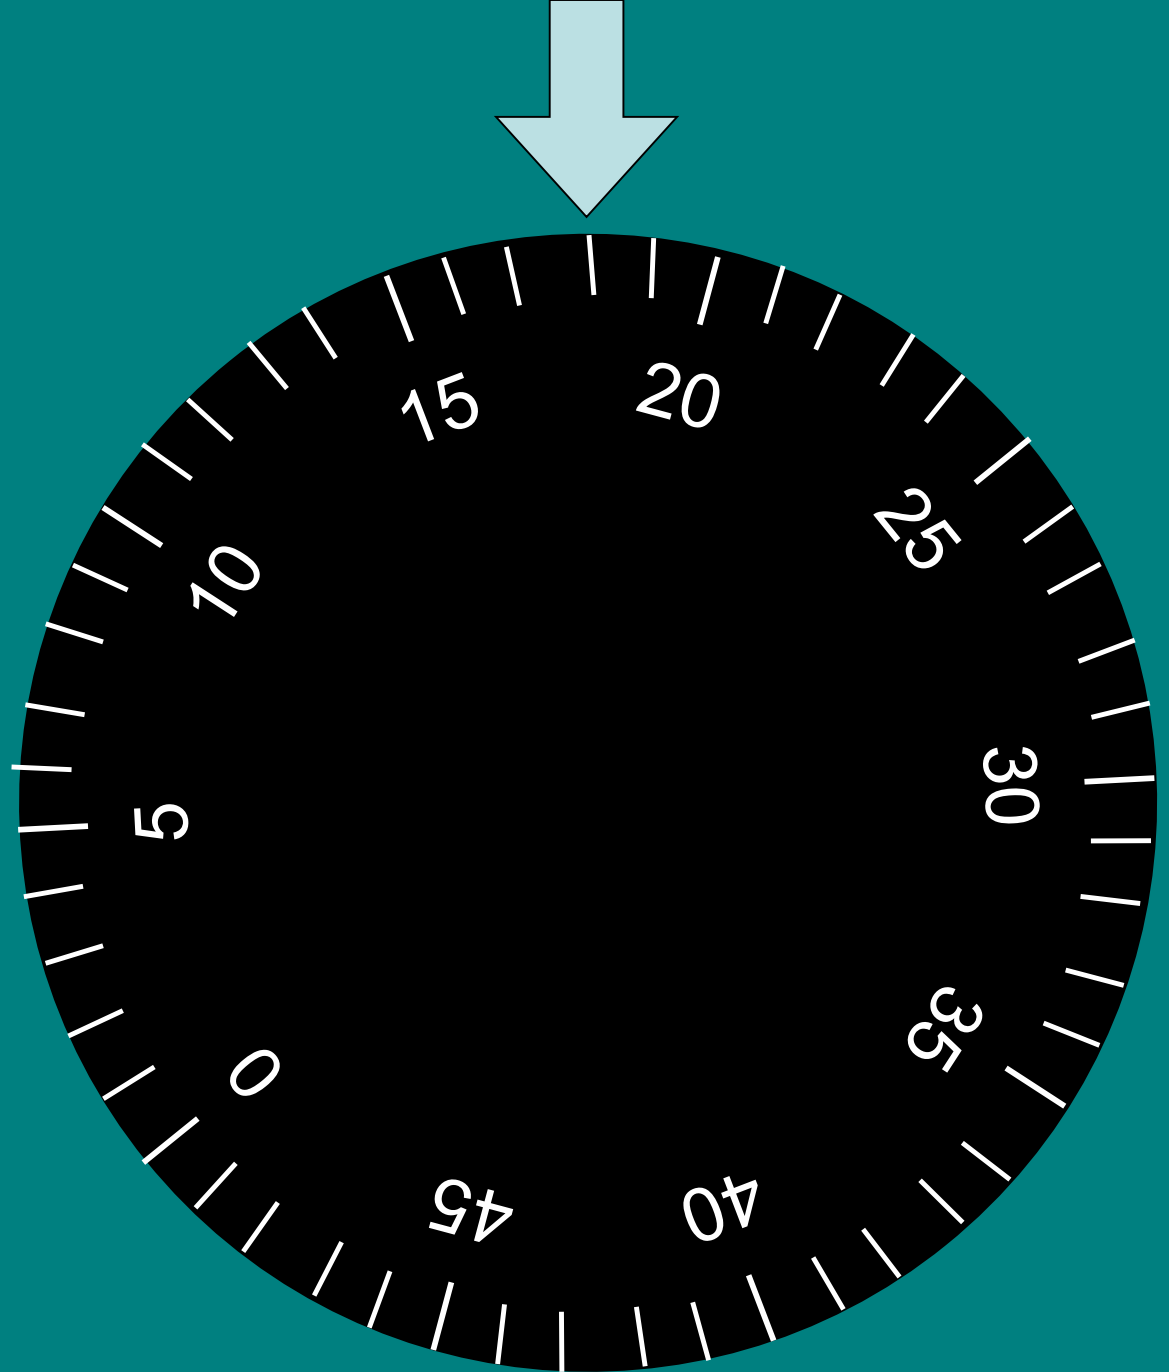

Turn lock
right and
stop on the
first number.

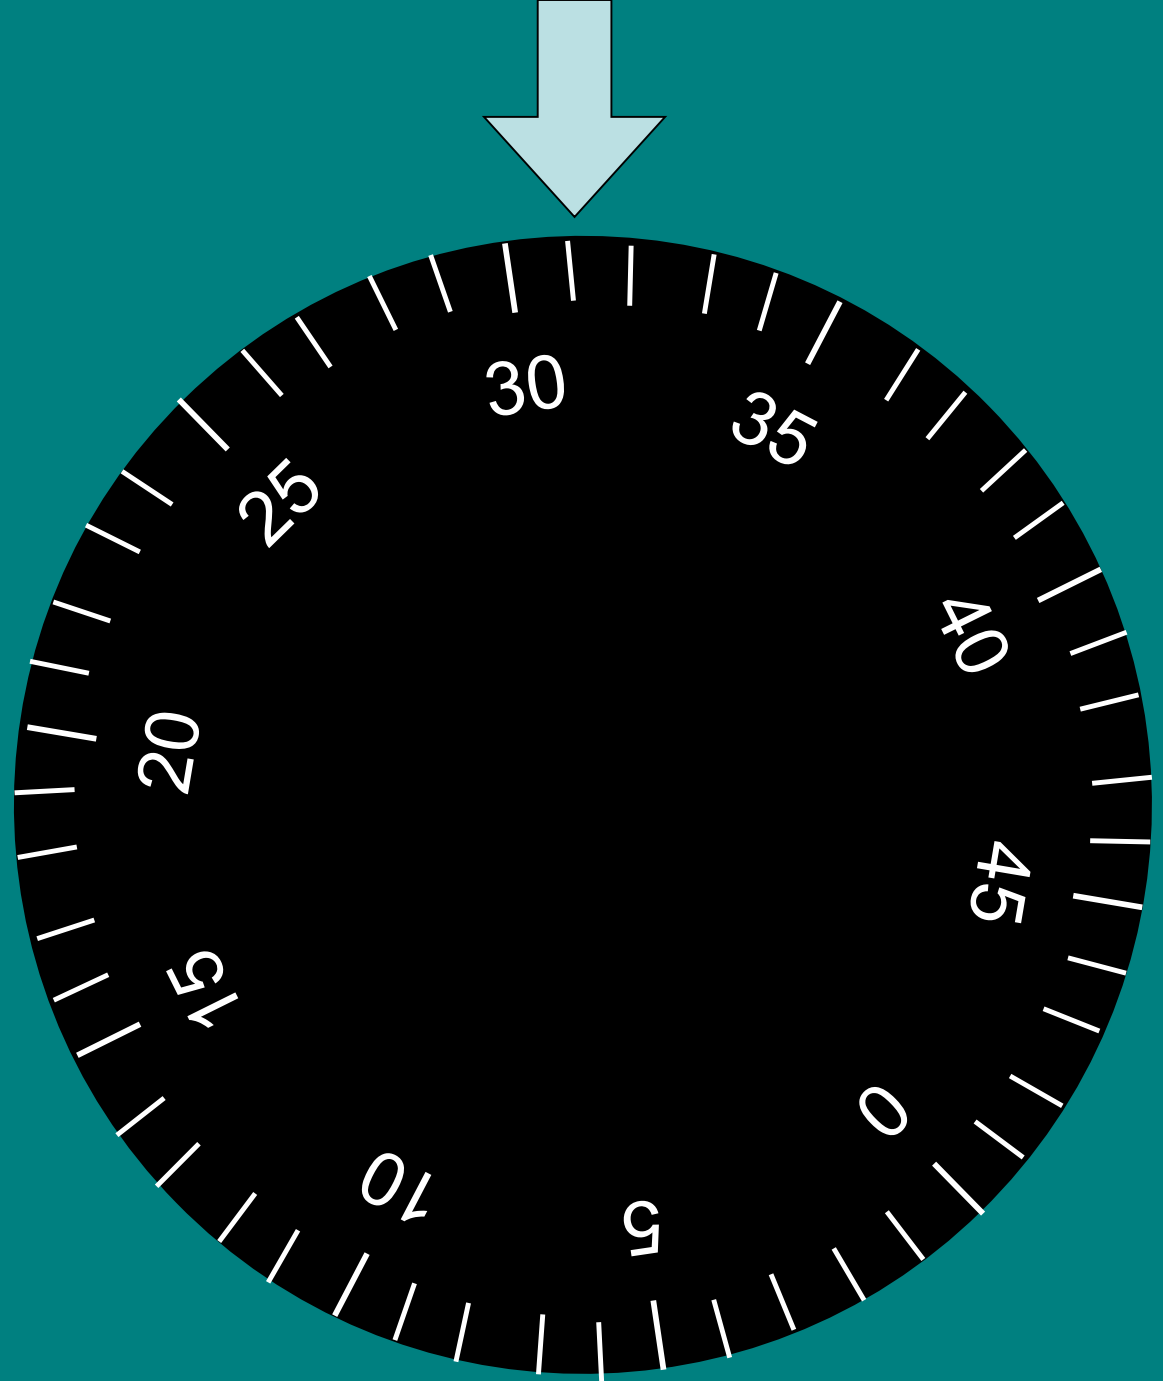

Example: 18

Turn lock
***left PAST
THE FIRST
NUMBER,***
then stop
*on the
second
number.*

Example: 31

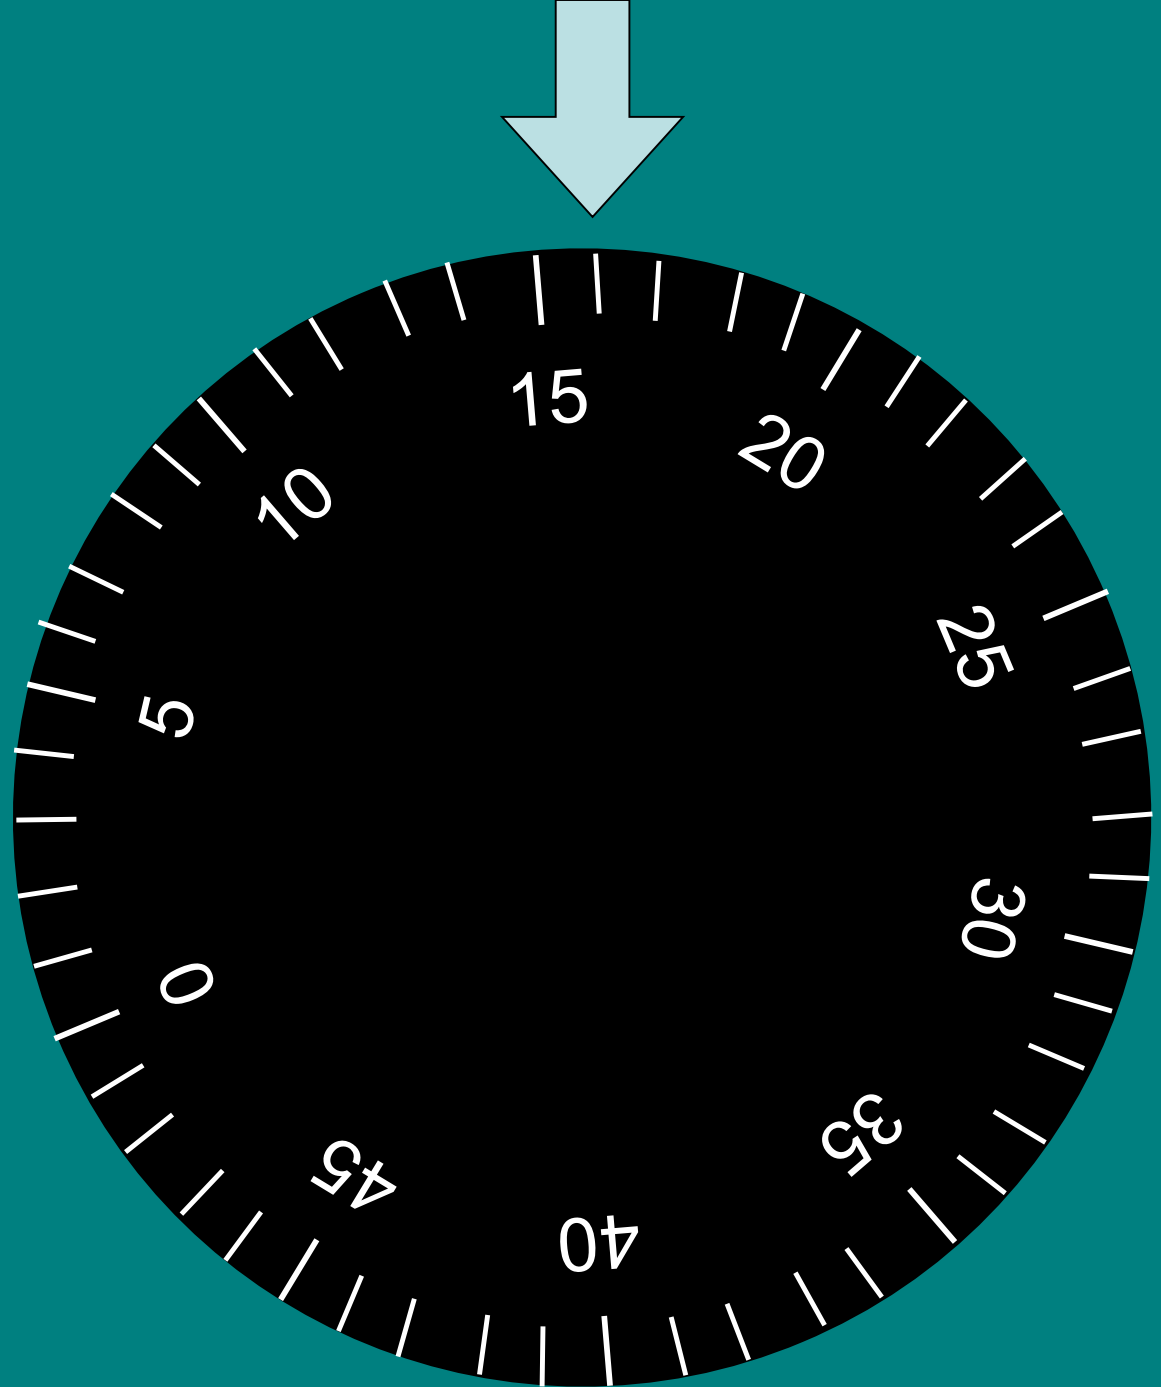

Turn lock
right, and
***stop on the
last
number.***

Example: 16

Do not turn
the lock.

Pull up on
the handle
and ***OPEN
YOUR
LOCKER!***

If you make
a mistake at
any time,
don't worry,
just start
over.
