## School Counselor Introduction

My name is Monica Sane, and I am thrilled to start our 2nd year at Sonal Bhuchar Elementary as the School Counselor! I will be supporting our little Bengals by teaching skills and providing resources that promote their social-emotional, academic, and career success. You may visit our school's website for more information on our counseling program.

I plan to visit all classes in the next two weeks for a counselor introduction lesson to explain my role and ways that I can support students. In the meantime, students will see me greeting them in the halls and checking in on them throughout the day.

This month's core value is responsibility. Responsibility is a set of behaviors that include being dependable, making good decisions, and being accountable for one's own actions. It also can be described as proving you can be trusted with what is expected of you. Our Bengals will be spending some time the first few weeks of school learning and practicing our school's ROYAL expectations to promote their success. I will also be teaching students the importance and benefits of self-discipline during my lessons with them. Please see the attached community resource to reinforce our core value and help your child practice responsibility at home.

Referrals to visit with the counselor for individual support can be made by students, staff, and parents. Please feel free to reach out to me if you have any questions or if I can help in any way.
