

Core Values 2024-2025

August

Responsibility – Proving you can be trusted with what is expected of you

September

Commitment– Making a plan and putting it into practice

October

Respect – Showing others they are important by what you say and do

December

Gratitude – Letting others know you see how they have helped you

January

Growth Mindset/Perseverance – Refusing to give up when life gets hard

February

Compassion – Caring enough to do something about someone else's need

March

Integrity – Choosing to be truthful in whatever you say and do

April

Teamwork/Cooperation – Working together to do more than you can do alone

May

Leadership/Trust – Putting your confidence in someone you can depend on

Message from the Counselor

Our Core Value for the month of October is self-control. Self-control is choosing to do what you should even when you don't want to. We have many opportunities to practice self-control throughout the day. The more we practice, the better we get. Practicing self-control is a valuable skill that helps students succeed in school and beyond. When students learn to pause, think, and make thoughtful choices, they're better able to accomplish goals and build strong relationships with others. Students also learn to manage their emotions and respond calmly when they are frustrated or upset by practicing self-control. These skills build a strong foundation for success by helping students feel more confident, responsible, and ready to learn each day.

On November 19th, our school will be hosting a parent presentation on Internet Safety. This presentation, created by Netsmartz, is designed to equip parents with practical knowledge and tools to keep children safe online. By understanding internet safety, parents can guide their children in recognizing potential risks, setting boundaries, and making smart decisions when using technology. I highly encourage parents to attend this presentation. The information shared will empower families with valuable insights on how to protect children from harmful content and promote safe, responsible, digital habits. Please see the attached flyer for more information.

Generation Texas Week

FBISD will be observing Generation Texas Week from November 18-22. This week is dedicated to teaching students about the importance of education and highlights postgraduate options, such as college, technical schools, the military, and other career opportunities. To draw attention to and celebrate these important concepts, FBISD will have themed dress up days to spark career-related conversations.

Please see the flyer in our school newsletter for more information about Generation Texas Week themed days. We look forward to seeing our Bengal trailblazers dress up to celebrate education as we work as a district to inspire and equip our learners to pursue futures beyond what they can imagine.
