

Transition to the Digital SAT Suite of Assessments

Fort Bend ISD
High School CTCs
August 8, 2023

23-24 Fall Test Administration Dates

In-School Testing Dates 2023-2024

FALL 2023

TEST	FORMAT	TESTING DATES
PSAT 8/9	Digital	Oct. 2–31
PSAT/NMSQT	Digital	Oct. 2–31
SAT School Day	Paper	Oct. 11 Alternate: Oct. 26

Ordering and registration deadlines for the fall administrations will be **available at the end of April**.

Districts and schools will be able to administer the PSAT/NMSQT and PSAT 8/9 on as many days of the testing window as needed.

PSAT/NMSQT administrations will be supported on Saturday, Oct. 14th.

SPRING 2024

TEST	FORMAT	TESTING DATES
PSAT 8/9	Digital	March 4–April 26
PSAT 10	Digital	March 4–April 26
SAT School Day	Digital	March 4–April 26

Ordering and registration deadlines for the spring administrations will be **available in the fall**.

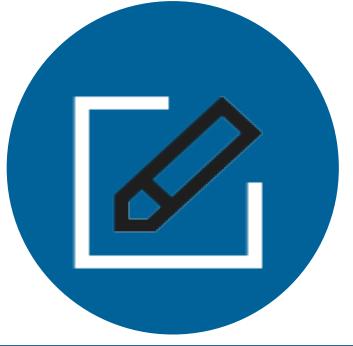

Districts and schools will be able to administer all three assessments on as many days of the testing window as needed. If your state requires you to administer SAT School Day, PSAT10 or PSAT 8/9, your state may determine your testing schedule.

Digital SAT Suite of Assessments

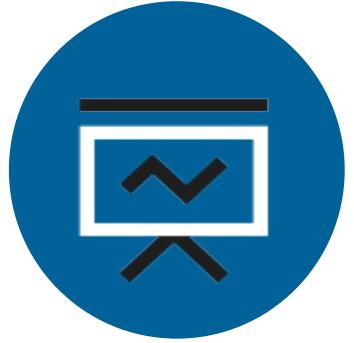

The digital SAT will be...

Easier to take

Easier to give

More secure

More relevant

What's Staying the Same

While the digital SAT Suite will bring a number of student- and educator-friendly changes, many important features of the SAT Suite will stay the same.

Measures the Knowledge and Skills That Matter Most

The digital SAT Suite will continue to measure the knowledge and skills that students are learning in school and that matter most for college and career readiness.

Scores Will Remain on the 1600 Scale

The SAT will be scored on the same 1600 scale and educators and students can continue to track growth across the suite over time.

Take the SAT in School or a Test Center

The digital SAT will still be administered in a school or in a test center with a proctor present—not at home.

Free Practice for Everyone

Students will still have free world-class practice resources on Khan Academy® and full-length practice tests on the digital testing application.

Connect Directly to Scholarship Opportunities

Students will continue to connect directly to scholarships.

Accommodations for Those Who Receive Them

We'll continue to support all students on test day.

National African American Recognition

National Hispanic Recognition

National Indigenous Recognition

National Rural & Small Town Recognition

National Recognition Programs

Academic honor for students demonstrating high degrees of academic achievement as demonstrated by a GPA of 3.5+ and who scored in the top 10% on the PSAT or a 3 or higher on two or more AP Exams by their junior year.

1

Spring: Students are **invited** to apply for the recognition or may **self-nominate**. **Counselors are notified** of invitations sent to their students.

2

August: **Awards** are communicated in August to students and counselors.

3

Fall: Students are encouraged to list their award on their **college applications**. Many colleges have specific **programs** and **scholarships** for students who earned an award.

What's Changing

We're not just putting the current SAT on a digital platform—we're taking full advantage of what it means to deliver an assessment digitally.

Take the SAT Suite on a Laptop or Tablet

Students can test on a personal device or a school-issued device. If students don't have a device, we'll provide one on test day.

Shorter Test Experience

The SAT will take about two hours instead of three and feature shorter reading passages with one question tied to each.

Faster Score Delivery

Students and educators will get the information they need to make key college decisions quicker.

Calculators Are Allowed on the Entire Math Section

A graphing calculator will be built into the testing app or students can bring their own.

Students Get More Relevant Information

Digital score reports will also connect students to information on two-year colleges, careers, and workforce training programs.

The Digital SAT Will Be More Secure and Flexible

Each student will see a unique version of the test—and schools, districts, and states will have more flexibility in when to test.

Major security advancements through digital

Answer sharing

Bluebook Digital Testing App

A screenshot of a digital testing interface titled "Bluebook". The title bar shows "Section 1: Reading and Writing" and a timer at "0:00". A "Directions" button is visible. The main content area displays a reading passage: "In recommending Bao Phi's collection *Sóng I Sing*, a librarian noted that pieces by the spoken-word poet don't lose their _____ nature when printed: the language has the same pleasant musical quality on the page as it does when performed by Phi." Below the passage is a question: "Which choice completes the text with the most logical and precise word or phrase?". Four options are listed: (A) scholarly, (B) melodic, (C) jarring, and (D) personal. A "Mark for Review" button is present. The bottom of the screen shows a navigation bar with "Question 1 of 8" and a "Next" button.

Test Specifications and Features

For each of the tests of the digital SAT Suite, three scores are reported:

- A Reading and Writing section score
- A Math section score
- A Total Score
 - Arithmetic sum of the two section scores.

Digital SAT Test Specifications – at a glance (Reading and Writing)

96 total questions (2 sections)

54 total questions (1 section)

100 total minutes (1.04 min/question)

64 total minutes (1.19 min/question)

Set based questions

Discrete questions

Digital SAT Test Specifications – at a glance (Math)

58 total questions
2 sections – calculator and no calculator

44 total questions
1 section – with calculator

80 total minutes (1.38 min/question)

70 total minutes (1.59 min/question)

Discrete and set based questions
Multiple-choice (≈78%)
Student-produced response (SPR) (≈22%)

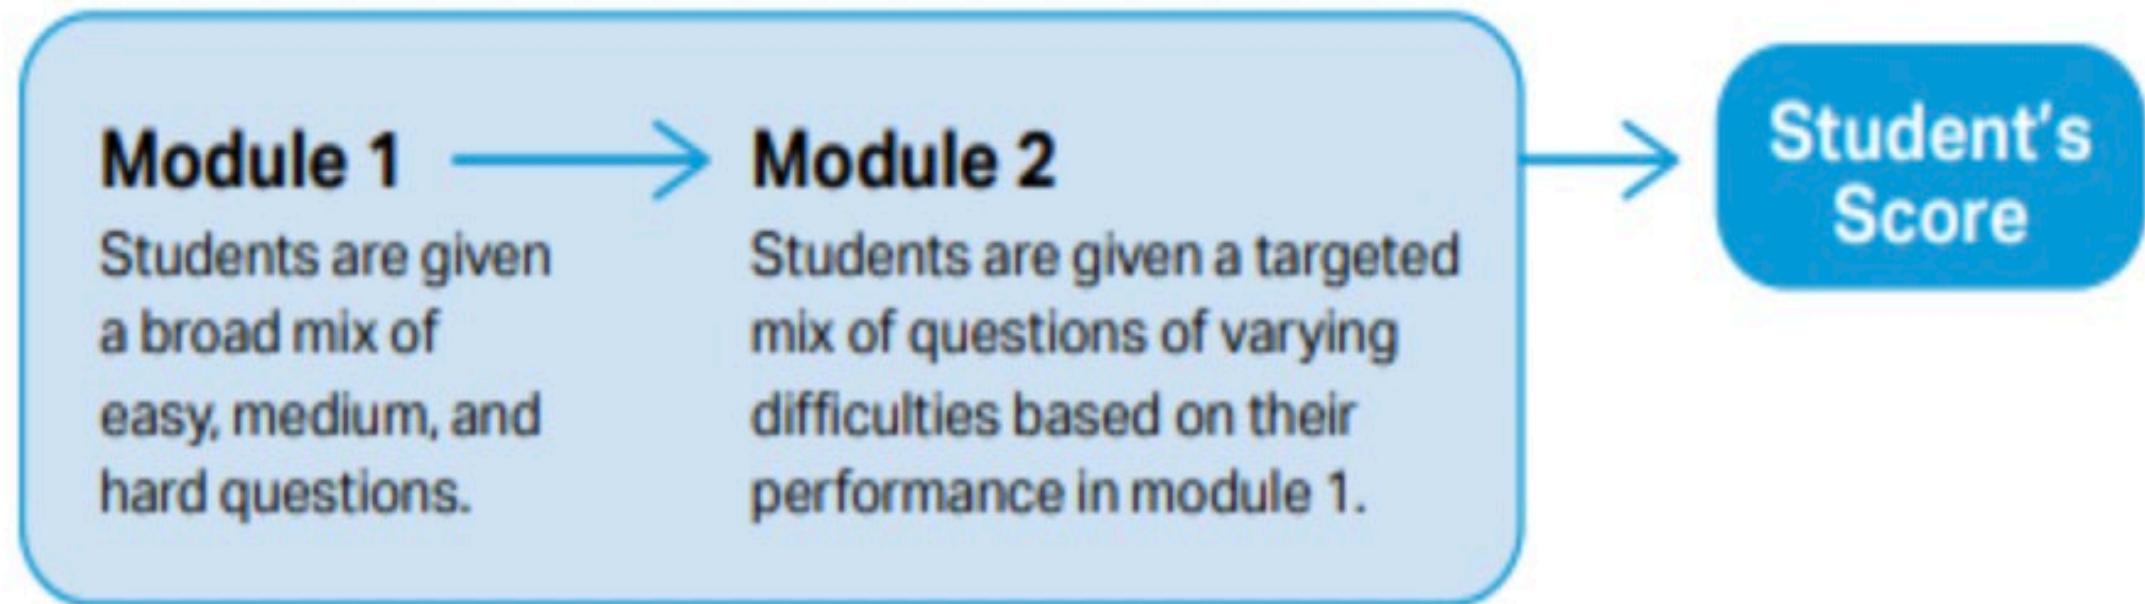

Discrete questions
Four-option multiple-choice (≈75%)
Student-produced response (SPR) (≈25%)

Multi-Stage Adaptive Testing

Multi-Stage Adaptive Testing vs Item Level Adaptive Testing

	Multi-Stage Adaptive Testing (MST)	Item Adaptive
Test Delivery	Sets of questions (called modules)	One item at a time
Adaptive	Based on how students perform in the previous module	Based on a student responds to each question
Navigation	Students can review items within a module	Students are not able to go back to a question
Test Length	Supports shorter test lengths	Supports shorter test lengths
Examples	GRE, digital SAT	ACCUPLACER, SBAC, NWEA – MAP, NCLEX

The digital SAT will have two modules in each section

Fall Digital Administration Planning

Testing Staff Roles and Responsibilities

Test Coordinator

- Oversees planning and test day activities for ALL students, including those with accommodations
- Works with technology staff to ensure devices being used for testing meet technical requirements and Bluebook is installed.
- Identifies staff to support test administration , ensures they have access to training and resources
- Submits Irregularity Report

Technology Monitor*

- New required role for digital testing
- Assists students and staff with technical troubleshooting in the help room on test day

Proctor

- Starts and monitors the test using Test Day Toolkit
- Observes the room, helps students, keeps room free of distraction
- Complete printed seating chart
- Report irregularity in Test Day Toolkit

Room/Hall Monitor

- Hall monitor: admits students using toolkit
- Monitors rooms and hallways; provides relief to proctors.
- Directs students to help room, break area, restroom

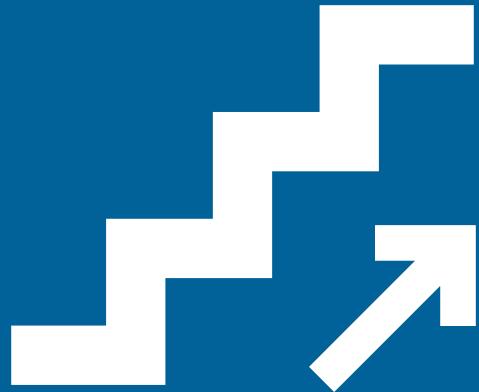

Key Digital Administration Steps

Action	Description	Timing
Ordering	Identify the assessments and grade levels you will be offering, when you plan to begin testing, and key staff	May - August
Registration	Submit a digital file of test taker information which will be used to deliver test packages and accommodations	September - October
Training	Complete training for test coordinators and other staff	September - October
Digital Readiness	Ensure Bluebook is installed properly, check devices, and complete exam set-up, etc.	September - October
Administration	Administer assessments based on your testing schedule	October
Scores/Reports	Share scores and reports with students and families	November

SAT Suite Ordering & Registration

- Access to SSOR will be provisioned using the Manage Access Tool.
- District ordering is available.
- Districts and school will be provided with an estimated cost when they place an order.
- Districts and schools will **NOT** be invoiced based on orders.

Digital Readiness Check

Purpose of the Digital Readiness Check:

- ✓ Ensure devices being used for testing meet technical requirements
- ✓ Ensure Bluebook is installed correctly
- ✓ Complete Exam Set-Up process
 - ✓ Review of test taker rules
 - ✓ Includes providing optional test taker information
 - ✓ Opt-in to BigFuture School and Connections
- ✓ Complete Test Preview
 - ✓ Explore universal tools
 - ✓ Answer sample questions

Testing Policy Updates: Start Times & Devices

Testing Start Times

- Testing may begin at any time during the school day however, it be completed by the end of the regular school day.
- Testing cannot be paused for standard test takers, so testing should occur before or after lunch.
- Staggering start times can help alleviate congestion in the hallway or restrooms.

Devices

- May be used by more than one student for testing.
- Ensure devices can be charged if being used more than once on the same school day.
- If your district does not allow apps to auto-update, have a plan to ensure the Bluebook application is updated prior to testing.

Testing Policy Updates: Testing Rooms & Assignments

Testing Rooms

- Each testing room must have a wall clock that is easily visible to all students.
- Spacing and desk requirements remain the same.
- Computer labs may be used.
- Auditoriums with theatre style seating may be used.

Room Assignments

- Testing staff will be assigned to rooms by the test coordinator in Test Day Toolkit.
- Students are not required to be pre-assigned to a testing room, but assignments are recommended.
- Students should be assigned to test rooms based on assessment, testing time, and other accommodations.
- Students that are re-testing should be assigned to a separate room.

Introducing the BigFuture School Mobile App

The power to plan – in the palm of students' hands

- Direct access to digital PSAT/NMSQT, PSAT10 and SAT School Day scores.
- Customized career guidance and information about planning and paying for college.
- Connections™—a feature exclusively for school day test takers that allows them to hear from nonprofit colleges and scholarship programs that may be a good match – without sharing personal information.

Accessing Scores in BigFuture School

- Total score
- Section score
- Percentiles
- Skills and knowledge
- Career insights

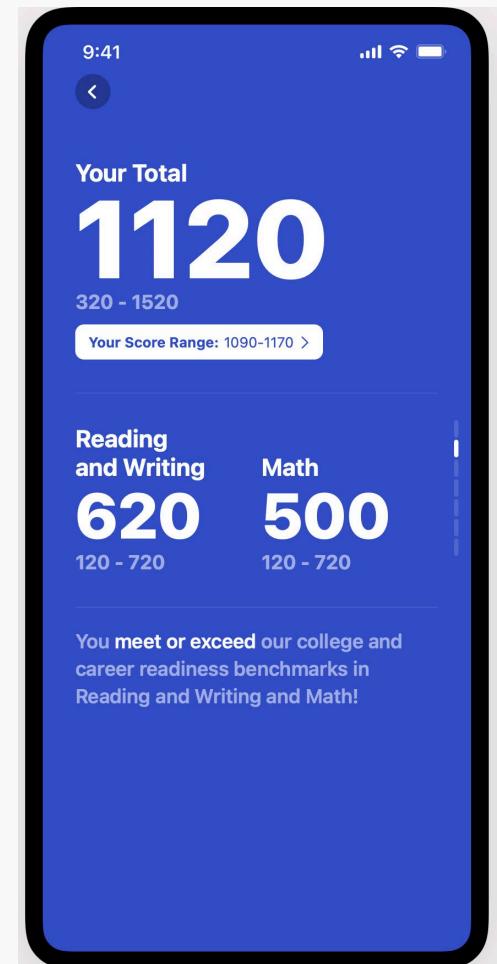

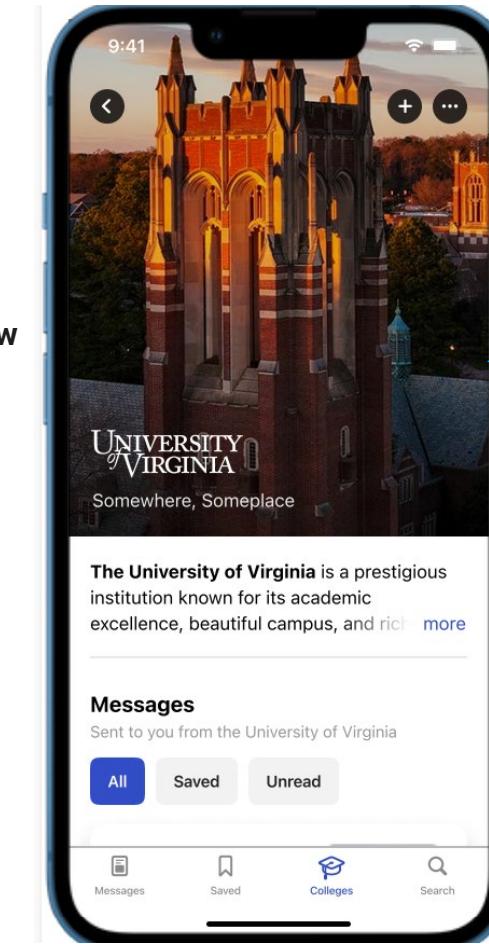

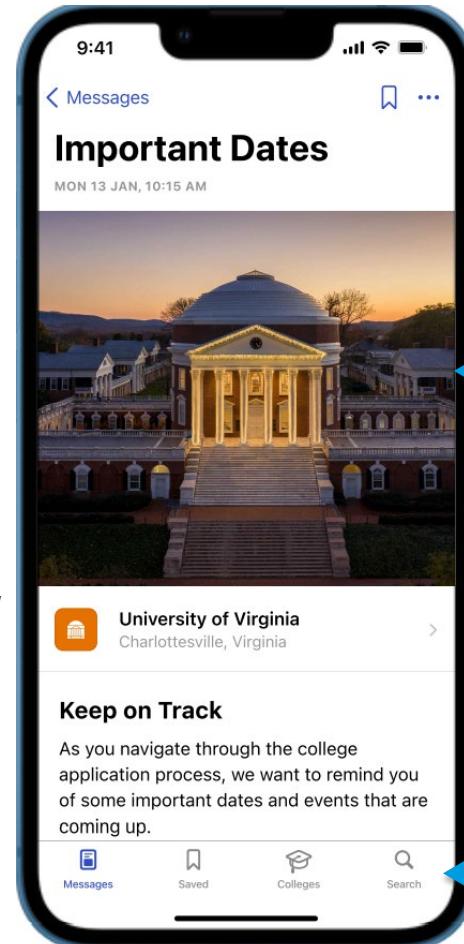

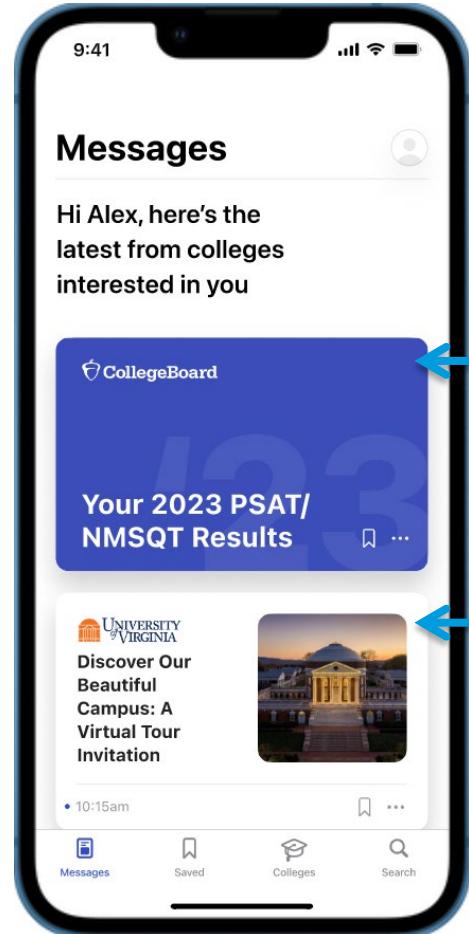

Image is illustrative and not final

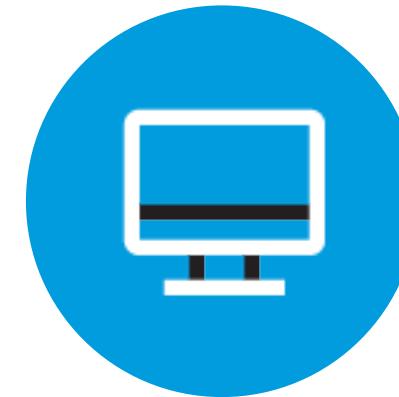

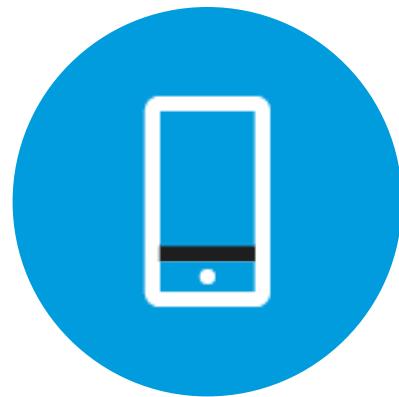

Connections Feature

Giving students control over the planning process

Using BigFuture School and BigFuture

Separate, but complementary, resources to help students plan

Start with BigFuture School

Quickly and directly access scores, planning information, and messages from colleges.

Go deeper on BigFuture.org

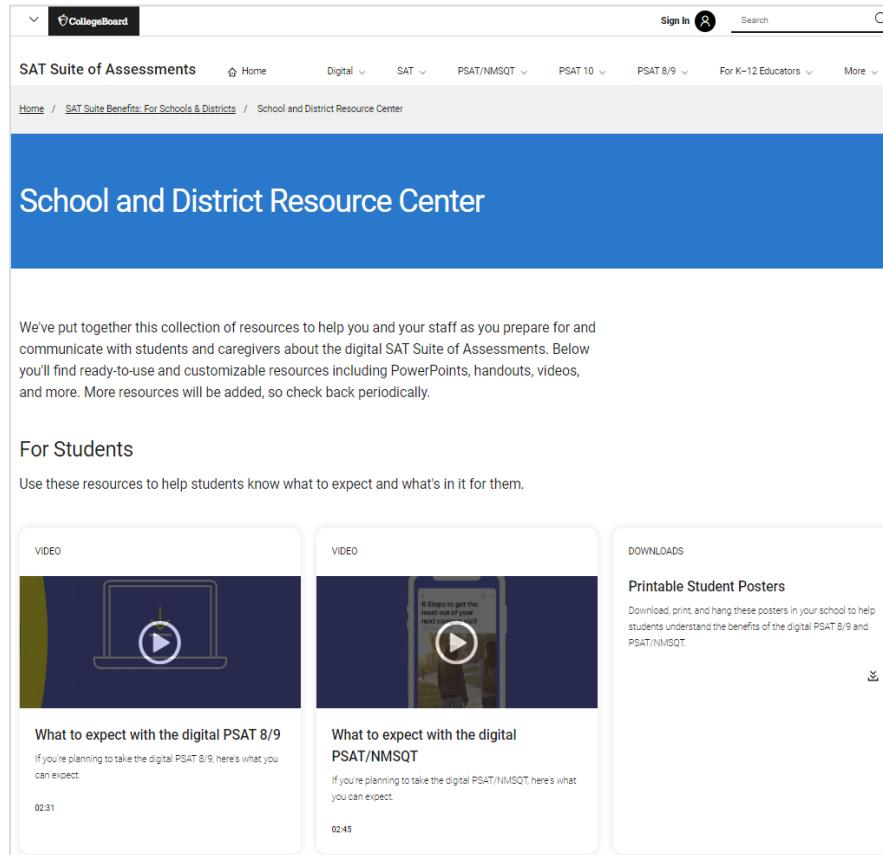

Go online for additional resources including a career quiz, college search tool, and more.

Resources for Educators, Students, and Families

A Centralized Resource for Communication Materials

Ready-to-use, customizable PowerPoints, flyers, videos and more

Visit: satsuite.org/school-resources

The screenshot shows the 'School and District Resource Center' page. At the top, there's a navigation bar with links for Home, Digital, SAT, PSAT/NMSQT, PSAT 10, PSAT 8/9, For K-12 Educators, and More. A 'Sign In' button and a search bar are also present. Below the navigation, a breadcrumb trail shows 'Home / SAT Suite Benefits: For Schools & Districts / School and District Resource Center'. The main content area has a blue header 'School and District Resource Center'. Below it, a text block explains the purpose of the resource center. Under 'For Students', there are two video thumbnails: 'What to expect with the digital PSAT 8/9' and 'What to expect with the digital PSAT/NMSQT'. Under 'Printable Student Posters', there's a link to 'Printable Student Posters' with a description and a download button.

For Parents and Caregivers

Use these resources at back to school night or anytime you want to communicate with families about the benefits for their children.

Use this customizable email template to let parents know about your upcoming PSAT/NMSQT administration, the benefits for students, and what parents should know about the transition to digital. Remember to update the bold copy with important details specific to your administration before copying and sending the email.

Subject:
Why We're Offering the PSAT/NMSQT

Body:
At [Insert School Name], we believe our students to their future. The SAT/National Merit Scholarship Qualifying Test is thinking about attending a two- or four-year college or isn't sure what they want to do after their path clearer. Results from the PSAT/NMSQT along with areas they can work on with PSAT™ 8/9 or PSAT™ 10, they'll be taking the PSAT/NMSQT can also help our students to:

- Know where they are and where they want to go.
- Find out what AP® courses they're ready to take.
- Explore college and career options.

This fall the PSAT/NMSQT will be an overall easier testing experience. Your child will take the PSAT/NMSQT on a school-issued device or a device provided to them that day and scores will be available mid-November. If you or your child have questions about planning, please reach out to me or

Subject:
PSAT 8/9: Your Child's Head Start Starts Here

Body:
As part of our college and career readiness efforts at [Insert School Name], we strive to set all students up for success. That's why we're offering the PSAT™ 8/9—the first test in the SAT® Suite of Assessments—to our [insert grade] students. Results from the PSAT 8/9 help us establish a baseline for each student as they start their high school journey. The results help us focus classroom instruction and support our students' growth.

Taking the PSAT 8/9 can also help your child to:

- Know where they are and where they want to go.
- Find out what AP® courses they're ready to take.
- Explore college and career options.

This fall the PSAT/NMSQT will be an overall easier testing experience. Your child will take the PSAT 8/9 on [date or range of dates] using [their own school-issued device or on a device provided to them that day] and scores will be released in mid-November.

If you or your child have questions about the PSAT 8/9, please reach out to me or your child's counselor—we can help!

Lsveda@collegeboard.org
512-626-1820

Next Steps for District and Schools

Order Tests

- Ensure coordinators at the district and campus level have access to the SAT Suite Ordering and Registration (SSOR) system.
- Orders can be placed at the district and/or campus level.
 - If the district wants to pay for exams, the order must be placed at the district level.
 - Any tests ordered by the school will be invoiced to the school.
- If a district needs a contract, the person placing the order will be able to indicate the need for a contract at the end of the ordering process.

Develop a Plan For Accommodations

**College Board must approve all accommodations
for PSAT 8/9, PSAT/NMSQT and SAT.**

- Ensure student IEP/504 plans reflect the accommodations needed to support digital testing.
- Develop a plan for submitting accommodations in time for fall testing.
- Review accommodations that have already been approved in case changes are needed.

Check Your Device Inventory

- **Compare your devices to the technical specifications at www.bluebook.collegeboard.org/technology.**
- **Approved devices include:**
 - 1:1 or shared school-managed devices or personal devices.
 - Personal or school-managed Mac and Windows laptops and desktops, iPads, and Windows tablets.
 - School-managed Chromebooks.
- **Decide if you'll allow students to bring their own personal devices for testing.**

Check Network Readiness

- **Students need to be connected to the internet to start testing and to submit their answers at the end.**
 - If the internet disconnects during testing, students will be able to process through the test without disruption.
- **Test your network speed**
- **Choose testing rooms with good Wi-Fi.**
- **Make sure students and staff can access the network.**
 - If students will be testing on personal devices, have a plan in place to ensure those students can connect to Wi-Fi.

Install the Bluebook App

- Visit bluebook.collegeboard.org/technology for instructions to install the latest version.
- Uninstall previous versions of the app
- Test the installation by opening the app on a student device.
- Check for app updates throughout the year.
- If you're planning to use Chromebooks, make sure that you have configured your Chromebooks to 'Do Not Erase Local Data.'

Connect Technology Staff with Available Resources

- **Bluebook Technology for Professionals**
 - bluebook.collegeboard.org/technology includes device and network specifications, Bluebook installation files and instructions, technical readiness guidance, and troubleshooting tips.
- **Bluebook and Test Day Toolkit**
 - Coming Soon!
- **Technology Help Center**
 - <https://bluebook.collegeboard.org/technology/help>
- **Bluebook Updates**
 - <https://bluebook.collegeboard.org/technology/updates>

Encourage Students to Download the App and Practice

- **[Link to download: bluebook.app.collegeboard.org](https://bluebook.app.collegeboard.org)**

- **PSAT/NMSQT practice tests will be available in Bluebook soon.**
