Lunch Procedures

Thank you for assisting us in keeping the cafeteria quiet the first five minutes and the last five minutes by sitting quietly with your husky so they can consume their nutritious lunch. We ask that you practice "independent citizenship" by letting them get/hold their own food trays and feeding themselves while eating in the cafeteria.

Gifted and Talented Assessments

If you referred your child for GT testing, the testing will begin on October 30th and end on November 10th. This test is not an assessment that your child needs to study for; the assessment is used to assess the child's natural ability. The best way to prepare your child for the district GT assessment is to ensure that your child has proper rest and a hearty breakfast each morning. If you have any questions you may contact the school counselor, Mrs. Courtney Carr-Sanders. courtney.carrsanders@fortbendisd.com

Dear Madden Families~

I hope your year has settled in and your schedule has gotten into a routine. As many of you know, we all want high expectations of a rigorous curriculum to be implemented on a daily basis to our huskies. The staff and administration are asking for your assistance in your continuous supportive partnership throughout the entire year. I have received several requests to leave school for an extend amount of time for numerous reason during the upcoming Thanksgiving holiday and Winter Break. Please understand that any amount of lost instructional time away from school is demanding for all student's educational success. We all understand that special circumstances may arise. By showing that we hold education dear to our heart, we show our children it is important. We know working as a solid, unified team... we can see our children excel to extraordinary educational milestones by having them in school daily.

Thank you for working to put Madden Elementary on the map day by day by valuing attendance.
