

# IN OUR NATURE

*An adventure in life.*

Monarch butterfly  
*Danaus plexippus*

Yellow lotus  
*Nelumbo lutea*

Golden silk orb-weaver  
*Trichonephila clavipes*

## Be a Nature Know-it-all

Learn some beautiful life lessons at HMNS Sugar Land. Join HMNS outside this summer and commune with nature in all the ways. Make friends with some of the cutest creepy crawlies around in our new bug zoo. Explore how to start your own butterfly garden, and support pollinators in your backyard. Take guided hikes and look for birds and other creatures from this neck of the woods. Plus we've got much more in store. Visit [HMNS.org/SugarLand](http://HMNS.org/SugarLand) for current calendar and pick your favorite activities. **It's all 100% pure organic fun.**

For discounted tickets, visit [corporatecoupon.hmns.org](http://corporatecoupon.hmns.org) and enter password: **dino**
