

Frequently Asked Questions

Parents

Can what my student is learning in his/her Academy course be used in the real world?

Yes! Students will use industry standard technology in the classroom.

- Lab Safety
- Scientific Research Methods
- And More!

What activities does the Academy offer aside from the specialized courses?

Academy students have had the opportunity to tour local businesses, schools, and universities; work with professionals from varying STEM industries, and take advanced level math and science courses.

Where can I find details regarding Academy pathways?

Visit the Academy website at

www.fortbendisd.com/mathandscience

How is the Academy curriculum going to benefit the student in his/her professional studies at the collegiate level?

Instructors are industry professionals who worked in the field before joining the Academy team. Students will learn skills that put them ahead of their future college classmates and better prepare for them a career in any STEM field.

Is transportation provided?

At this time the District picks up/drops off non-zoned Academy students at their zoned elementary campus.

Are Academy students provided transportation for afterschool activities?

No, all students must have their own transportation if staying afterschool for an extra-curricular activity.

Will there be events my freshman must attend during the summer before starting high school?

YES! There will be an Academy Freshman Orientation, and a general DHS Freshman Orientation. Incoming Academy students need to attend BOTH orientations. Both orientations take place at the beginning of August.

What kind of jobs can my child obtain with the skills s/he has mastered in the Academy?

- Future Researcher
- Future Engineer
- Future Medical Doctor
- Future Software Developer
- Future Analyst

Are the academic courses at Dulles taught at the same level as other campuses?

All FBISD campuses teach the same objectives/skills. And AP courses at DHS are taught at the same rigor as AP courses at other FBISD high schools.

Is my student able to participate in extra-curricular activities and be in the Academy program?

To help students develop their leadership skills, we encourage Academy students to get involved in clubs/organizations that they are passionate in and where they feel a connection to the program and school.

Will my student graduate with college credit?

Students can enroll in AP or dual credit courses during high school in order to earn college credit. Contact your student's academic guidance counselor to learn more about these courses and when they are offered.

What time does the Academy bus depart campus in the afternoon?

All buses leave immediately after school.

Does my student have to reapply every year?

No, once accepted and committed to an Academy program you become an incoming Academy freshman and future Viking!

Do Academy students go to class with zoned students?

Yes! Academy students are DHS Vikings. Academy students participate in the same extra-curricular activities as all DHS students. It is ALWAYS a great day to be a Viking!
