

Elementary Boundary Options Feedback Summary

Members of the community provided feedback to the four FBISD elementary school attendance boundary options between December 10, 2018 and January 5, 2019. To promote collaboration and transparency, community members had multiple community meeting opportunities to learn more about the current boundary options prior to responding to the survey. In addition, the presentation from the community meeting was posted online or those who were unable to attend the community meetings. The table below displays a comparison of community survey feedback organized by option in addition to pros and cons for each scenario.

Proposed Boundary For:

Option 1

School	Support (%)	Opposition (%)	Comments (%)
Option 1	21.65%	77.62%	0.00%
Patterson ES	15.87%	15.01%	69.12%
Holley ES	13.15%	13.20%	73.65%
Madden ES	20.20%	15.00%	64.80%
Neill ES	15.45%	15.25%	69.30%
Oyster Creek ES	13.00%	13.25%	73.75%
ES 51	20.00%	15.00%	65.00%
Lakeview ES	15.00%	15.00%	70.00%
Pecan Grove ES	15.00%	15.00%	70.00%

Comments in support of this option

- Balances enrollment across all grade levels
- Aligns feeders

Comments in opposition of this option

- Divides Aliana into multiple schools beyond Madden and ES 51
- Students in Aliana rezoned to a perceived lower-performing school
- Divides Harvest Green into two schools
- Bretton Woods community attends Holley ES
- Mission Sierra and Mission Trace change feeder patterns
- Will need additions at Pecan Grove and Oakland in the future

Proposed Boundary For:

Option 2

School	Support (%)	Opposition (%)	Comments (%)
Option 2	29.43%	13.63%	56.94%
Patterson ES	21.27%	15.03%	63.70%
Holley ES	15.35%	11.61%	73.04%
Madden ES	23.00%	11.20%	65.80%
Neill ES	20.00%	13.20%	66.80%
Oyster Creek ES	21.33%	15.07%	63.60%
ES 51	20.00%	14.00%	66.00%
Lakeview ES	21.25%	15.00%	63.75%
Pecan Grove ES	22.01%	13.07%	64.92%

Comments in support of this option

- Balanced enrollment across all grade levels
- Aligns some feeder patterns with some splits
- Keeps Aliana zoned to ES 51 or Madden, except for Bretton Woods

Comments in opposition of this option

- Bretton Woods community separated from Aliana community feeder patterns
- Will need additions at Pecan Grove, Oakland, and Lakeview at a later date

Proposed Boundary For:

Option 3

School	Support (%)	Opposition (%)	Comments (%)
Option 3	20.01%	10.02%	69.97%
Patterson ES	20.20%	12.00%	67.80%
Holley ES	15.00%	15.00%	70.00%
Fleming ES	13.00%	13.00%	74.00%
Madden ES	20.00%	15.00%	65.00%
Neill ES	15.00%	12.00%	73.00%
Oyster Creek ES	15.00%	12.00%	73.00%
ES 51	20.00%	10.00%	70.00%
Lakeview ES (Unchanged)	15.00%	12.00%	73.00%
Pecan Grove ES	15.00%	11.00%	74.00%

Comments in support of this option

- Balances enrollment across all grade levels
- Aligns some feeder patterns, makes some splits
- Best option for keeping most of Aliana in the ES 51 or Madden feeder patterns

Comments in opposition of this option

- Will need additions at Lakeview, Patterson, Pecan Grove, and Oakland at a later date

Proposed Boundary For:

Option 4

School	Support (%)	Opposition (%)	Comments (%)
Option 4	0.00%	92.22%	7.78%
Patterson ES	0.00%	12.00%	88.00%
Holley ES	0.00%	92.00%	8.00%
Madden ES	15.00%	10.00%	75.00%
Neill ES	15.00%	10.00%	75.00%
Oyster Creek ES	0.00%	12.00%	88.00%
ES 51	10.00%	11.00%	79.00%
Lakeview ES	0.00%	12.00%	88.00%
Pecan Grove ES	0.00%	12.00%	88.00%
Brazos Bend ES	0.00%	10.00%	90.00%
Walker Station ES	0.00%	10.00%	90.00%

Comments in support of this option

- Balances enrollment across all grade levels
- Aligns some feeder patterns

Comments in opposition of this option

- Divides Aliana into multiple schools beyond Madden and ES 51
- Will need additions at Patterson, Oakland, Lakeview, and Walker Station in the future
