

## *Facilities Steering Committee Meetings*

### Fort Bend ISD

Fort Bend ISD is once again engaging with the community as it works to update the District’s Facilities Master Plan and ensure that the District is providing the innovative learning environments, valuable opportunities, and access to programs in accordance with the Board-adopted Profile of a Graduate. During the spring of 2018, a Facilities Steering Committee made up of a broad cross-section of community members and District staff will meet to discuss facilities assessment data, student enrollment projections, and community feedback to develop options and recommendations regarding utilization of District facilities, continuing the Facilities Master Planning process that first began in 2013. Ultimately, the updated Facilities Master Plan will inform the development of the District Capital Plan.

#### **Meeting 6: Thursday, April 26, 2018**

Topics	Notes and Actions
