

Elkins Softball Fundraising Options

2021-2022

We are ready for some Elkins Softball success for Spring 2022! We must consider how we are going to fund softball equipment, game day meals, additional tournaments and other items needed for our season. Unfortunately, our Athletic Booster Club at Elkins HS is no longer active. This means we must meet the challenge of fundraising head on as a team for our Spring 2022 season. I know that we can meet this challenge with our fundraiser in place early and really put a dent in the funds that we need to make this season an enormous success. I have put together one of our original fundraisers that we did before any of our current players got here that was easy for our players and parents. We are going to sale advertisement space on our fence facing Knights Court. We had a great return on this fundraiser in the past and I believe that with the help from our players, parents, great fan base and local community we can thrive doing this once again. We are pairing this fundraiser with our new Team Dues this year.

We have options for each player. Most importantly, if an athlete sells a minimum of 1 sign, then their team dues are waived. Or if one chooses not to participate in the fundraiser, we ask that they then pay the Team Dues as indicated below.

Please see details and information on this is below.

Option 1

- Participate and Sale at least 1 sign as part of our Signs for Softball Fundraiser
 - o Flyer attached
 - o If you sale 1 Sign, your Team Dues are covered.

You can sale as many signs as you want.
