LAW AND PUBLIC SERVICE PROGRAM

Emergency Services Pathway

#	Course	Credit	Grade	Location
1	Disaster Response <i>Prerequisite: Concurrent enrollment in Emergency Medical Technician - Basic</i>	1.0	11-12	Reese Center*
2	Emergency Medical Technician – Basic <i>Prerequisite: Biology; Concurrent enrollment in Disaster Response</i>	2.0	11-12	Reese Center*
3	Firefighter I (Advanced CTE Course) <i>Prerequisite: Disaster Response and Emergency Medical Technician – Basic</i>	2.0	12	Reese Center*

* Student must apply, be accepted, and commit to the Emergency Services program in order to take courses at Reese Center.

In **Disaster Response**, students will receive basic training in disaster survival and rescue skills that would improve the ability of citizens to survive until responders could arrive. Students will learn how to make communities stronger and better prepared to respond to the threats of terrorism, crime, public health issues, and disasters of all kinds.

In **Emergency Medical Technician - Basic**, students will meet and exceed standard knowledge needed to be a valid Emergency Medical Technician. Students will learn skills necessary to provide entry-level emergency medical care, life support, and ambulance service.

In **Firefighter I**, studies include familiarization with the Texas Commission on Fire Protection Rules and Regulations, fire fighter safety, the science of fire propagation and extinguishment and protective equipment. Students will demonstrate ability to use equipment and participate in simulated activities.
