## Program Information

### Original Credit High School Courses (Fee Based Tuition)

Incoming ninth graders for the 2022-2023 school year may register for Original Credit Courses: Art IA, Art IB and Health during the summer of 2022. Successful completion of each semester (session) earns 0.5 credit towards high school graduation. Registration forms and information are available from your middle school counselor.

Tuition for original credit courses for FBISD students towards high school graduation is \$125 per course (0.5 credit) and \$65/\$50 per course (0.5 credit) for students who are currently served by the Free and Reduced Lunch Program.

## Important Information

Students who took Algebra I as 8th graders and failed one or both semesters have several options for meeting the math standard required for moving to high school.

If a student failed both semesters of Algebra I and the Algebra I EOC, the student should take 8th grade math in summer school and then repeat Algebra I as a 9th grader to improve their foundation skills.

If a student failed only one semester of Algebra I and failed the EOC, it may be in the best interest of the student to repeat the entire course next year in 9th grade and take 8th grade math in summer school.

If a student failed only one semester of Algebra I and passed the EOC, the student may take the failed semester during summer school.

If a student passed Algebra I and failed the Algebra I EOC, the student may retest in June.

If you have specific questions, please contact your child's counselor to review the options.
