

SEL & ENRICHMENT PROGRAMS

2019-20 UPDATE

COMPREHENSIVE MANUAL

We've created an online manual with specific Enrichment Programs information (responsibilities, deadlines, checklists) for administrators, campus sponsors, parents, and students.

REQUEST FOR NEW PROGRAM SUPPORT

To ensure comprehensive support of students in co-curricular areas, we now have a process for students and employees to submit an application requesting district support of new student programs not currently covered by an existing program.

UIL ROBOTICS SUPPORT

Robotics is no longer being piloted and as of 2018-19, was declared an official UIL Event. Students in grades 7-12 may participate in the exciting world of UIL Robotics competition, with district support.

SHARED STUDENT LEADERSHIP AND ENRICHMENT PROGRAMS CAMPUS CONTACT REQUEST

We know your time is valuable. We also know no one loves completing multiple forms. So, there's a single form for campus administrators to complete to share the names of your contacts, coaches and sponsors.

BUT WAIT! THERE'S MORE!

- New stipend payment schedule and requirements for Academic Decathlon and Speech & Debate coaches to take effect in 2020-21
- Destination Imagination: registration and travel provided to state competition; registration only for Global Finals (*participant responsible for travel arrangements*)
- New Volunteer/Parent Supporter Behavior Contract
- New Student and Parent Travel Agreement
