

MEET YOUR TEACHER

HELLO!

My name is Mrs. McElroy,
and I am your Online
Learning Teacher.

ALL ABOUT ME

I am Mrs. Nia McElroy. I am the Online Learning Teacher at Marshall High School. I am a product of HISD, and then continued my education at Texas Southern University. This is currently my 21st year of teaching and my 7th year at Marshall High School. Teaching to me is so much more than learning equations, ABC's, and formulas. In my classroom I am an activist; education is a problem- solver and I am able to provide knowledge to my students so they can achieve success in whatever they want. In my classroom, I am a student; I learn new things every day and as a teacher, it is guaranteed that you will never stop doing so. In my classroom, everyone is unique, and we seek to understand and respect one another. I am grateful for the ability to inspire others, thankful for my friends and family, and blessed to have the future in my hands. The best is yet to come!

MY FAVORITES
