“What if I am identified as a close contact?”¹

IF I HAD CLOSE CONTACT AND...	THEN
I am fully vaccinated and have NO symptoms. →	Quarantine is not required.
I am NOT vaccinated and have NO symptoms. →	Quarantine for 10 days from the last day of exposure to COVID-19. Must remain symptom-free for all 10 days, or quarantine for 7 days after testing negative on PCR or Rapid test. (Test must occur on day 5 or later of exposure.)
I am fully vaccinated and have symptoms. →	Get tested, see a physician or isolate for 10 days. If test is negative, self-isolate until symptom-free without the aid of medication for 24 hours.
I am NOT vaccinated and have symptoms. →	Get tested, see a physician or isolate for 10 days. If test is negative, self-isolate until symptom-free without the aid of medication for 24 hours. If physician provides an alternative diagnosis, self-isolate until symptom-free without the aid of medication for 24 hours.

¹“Close contact” is defined as being within 6 feet of someone who is COVID-positive for a cumulative total of 15 minutes during a 24-hour period with or without a mask.
