

FOOD TRUCK VENDORS

Approved Food Truck Vendor List

All food truck approvals are valid for 1 year. Food trucks are required to submit the \$50 non-refundable vendor fee annually.
Valid insurance & permits are required to participate in any FBISD event, even if the truck is already on the approved list.
Until a better system is created to keep up with valid insurance and permits, please check-in with Genyne Vinson @x43327

See steps below to identify food trucks coresponding to your events

1.

Look for your school name in the FBISD Campuses/Facilities box on the left side.

2.

You should select the food trucks listed in the same chart your school name is in. However if you want a food truck not listed in your section you can reach out to the food truck and inform them that you want to invite them but will need to obtain the proper permits.

3.

You can request a food truck that is pending approval. The food truck can finish the approval process with the city/district before the event date if requested with time in advance.
